CHARACTERISTICS

The Phaser 3116 delivers value, productivity and quality in a compact design. One of the many advantages is speed. Phaser 3116 prints at a fast 15-pages per minute (Letter size) / 14 ppm (A4) and prints the first page of a document within 12 seconds: resulting in greater productivity for you and your office. The Phaser 3116 is Energy Star® compliant and has a Toner Save mode to reduce operating costs.

Real 600 dpi resolution and advanced features including N-up, watermark and poster printing let your print professional quality documents every time. Phaser 3116 also supports a wide range of media size and type to meet all your printing needs. The compact and low profile design also saves space on your desk.
