CHARACTERISTICS

Xerox Phaser 3121 is a monochrome laser printer designed to meet the needs of both the professional and the personal user. One of this many advantages is speed. Phaser 3121 prints at a fast speed of 17-pages per minute, and print the first page of a document within 13 seconds. This means greater productivity for you and your office. The Phaser 3121 is Energy Star® compliant and has a Toner Save mode to reduce operating costs.

Real 600 dpi resolution and advanced features including N-up, watermark and poster printing let your print professional quality documents every time. Phaser 3121 also supports a wide range of media size and type to meet all your printing needs. The compact and low profile designs save space on your desk.

Productivity, performance and value, everything you have come to expect from a Xerox printer.

- High speed, greater productivity
- 17 pages per minute
- Professional quality with 600 x 600 dpi real resolution
- Compact, space saving design
- Win 98, Me, 2000, XP and Linux
- USB Connection and Parallel Port
