Black-and-White Laser Printer

Looks small.  
**Acts big.**

**The Xerox Phaser™ 3150  
 personal laser printer for business.**

It may be small, but it sure doesn't act like it. It's tough, reliable and it takes care of business –fast. With a printing speed of over 22 pages per minute, those long waits for your prints are over. You can get on with your business like nobody's business.

For more information, please contact your nearest reseller or the local Xerox office.

# Affordable, speedy and ready for business

## Outstanding value

With the Xerox Phaser 3150 laser printer, you get so much –for so little.

- A print speed of 22 ppm. Plus, the first page appears in 10 seconds –perfect for getting ahead of business.
- 32 MB of memory. It tackles large documents with ease.
- Networking option. Share with multiple users.
- A laser printer for less? With such great features, you'll wonder how we keep it so affordable.

## Convenience built-in

Everything about this printer is easy –printing, loading, customizing– even finding a place for it is effortless.

- Offers N-up, watermark and poster printing, so you don't have to go elsewhere for custom print jobs.
- Tired of reloading paper? Its deep 250-sheet main paper tray, 50-sheet multipurpose tray and an optional 250-sheet additional paper tray let you spend more time printing and less time loading.
- From envelopes to note cards, it supports a wide range of media and sizes.

## Exceptional quality

- The last thing you want to worry about at work is how your printer is going to perform. So don't.
- With 1200 dpi image quality, you can expect professional results every time.
  - It's incredibly well built. Just consider its 15K page per month duty cycle.
