

color laser printer

Phaser® 6360

Satisfy your need for speed

Value Proposition

The new standard for high performance office color laser printers

Target Markets

Phaser 6360 market focus: Customers concerned with lower operating cost, but require fast, high quality laser printing, departmental printing, production printing, monochrome printer replacement, legal-size printing, laser bias customers

Customer types: Advertising/Graphic design, manufacturing, federal government, business services/consulting, health/medical, financial/securities, retail/wholesale, higher education, non-profit organizations

Selling Points

Blazing-fast speed

- Color speeds of up to 42 ppm to finish projects with time to spare
- A 1 GHz processor keeps the largest and toughest projects moving fast
- No waiting with a first-page-out time of as fast as 9 seconds
- Selectable print modes provide time- and money-saving options for any application
- Phaser Installer eliminates any guesswork — go to the printer to be installed, touch a button, and let it install itself

Speed made simple

- Intuitive print driver displays print options and real-time printer and paper tray status at the user's desktop
- PrintingScout™ provides instant, on-screen instructions when the printer needs attention throughout the entire print job
- PhaserSMART® online troubleshooting turns potential customer support calls into a 30-second automated solution to get users back to work fast
- Email alerts allow key personnel to stay on top of printing issues
- Manage, configure, and troubleshoot the Phaser® 6360 from the desktop with its CentreWare® IS embedded Web server

Power to share

- 2,350-sheet paper input capacity can meet the largest department's needs
- All models come standard with 10/100BaseT Ethernet networking capability
- Usage Analysis Tool makes it easy to collect, organize, and analyze data — even for large workgroups using multiple Phaser printers
- Personal Print feature separates and stores jobs to keep output from various users from intermixing
- High-capacity toner cartridges are available for low cost per print and greater uptime

High-performance color

- 2400 dpi provides richly detailed color that makes your images jump right off the page
- True Adobe® PostScript® 3™ assures best prints with all common applications
- Automatic Color Correction applies the best print method to each element on a page (text vs. graphics vs. photos) to eliminate compromise between text and graphics quality
- In-line color and registration calibration ensures consistent, accurate color on every page

Specifications

	6360N	6360DN	6360DT	6360DX
PERFORMANCE				
Print speed	Up to 42 ppm color / black-and-white			
First-page-out time	As fast as 9 seconds (color)			
Processor	1 GHz			
Memory (standard / maximum)	256 MB / 1 GB		512 MB / 1 GB	
Memory slots available	1 of 2 slots open		0 of 2 slots open	
Productivity kit	Optional		Standard	
Print features	PrintingScout, PhaserSMART, MaiLinX email alerts, Smart Trays, Configurable Tray 1 behavior			
Page Description Languages	Adobe PostScript 3, PCL 5c emulation			
Duty cycle (maximum)	Up to 100,000 pages / month ¹			
COLOR QUALITY				
Technology	Single-pass laser color printer			
Resolution	1200 x 600 dpi, 2400 x 600 dpi			
PAPER HANDLING				
Two-sided output	Optional	Standard		
Paper input standard	700 sheets		1,250 sheets	1,800 sheets
Paper input maximum	2,350 sheets			
Paper output capacity	250 sheets			
Paper sizes	3.5 x 5.5 in. to 8.5 x 36 in. including custom sizes			
Media weights	Tray 1 (MPT): 17 lb. bond to 80 lb. cover (65 to 216 gsm) Trays 2-5: 17 lb. bond to 60 lb. cover (65 to 163 gsm)			
NETWORK FEATURES				
Connectivity	10/100 BaseT Ethernet, USB 2.0			
Device management	CentreWare IS Embedded Web Server, CentreWare Web, Xerox NDPS Gateway, Job Accounting, Usage Analysis Tool			
OTHER FEATURES				
Warranty	One-year on-site warranty and Xerox Total Satisfaction Guarantee			

¹ Print volume uniformly distributed over 30 days
