Continuing the Xerox®-exclusive tradition of advanced cartridge-free solid ink, the ColorQube 8570 color printer is a powerful, no-fuss and waste-conscious printing solution that’s simple and highly productive with the advantage of superior color output.

Your Office, Greener

- **Less waste, less impact.** Packaging for the printer and solid ink sticks helps you create up to 90% less waste, lower Life Cycle energy demand and a smaller carbon footprint than comparable laser printers.
- **EarthSmart print driver settings.** Easy-to-use print-driver gauge allows you to choose the most environmentally conscious print settings.
- **Optimize energy usage.** Intelligent Ready technology learns your workgroup’s usage patterns and moves to low-power mode when you’re least likely to use it.
- **Bundled GreenPrint software.** Use the standard GreenPrint tool to help you print only the pages you want for reduced paper and ink usage.

More Color Performance

- **Fast print speed.** Get your jobs out quickly – as quick as 40 ppm color and black-and-white.
- **Incredible detail and halftones.** 2400 FinePoint™ print resolution ensures exceptional print quality.
- **Always superior color.** Solid ink gives your documents rich, vibrant colors on all media, including recycled paper.
- **Wide media range.** Print on everything from plain paper to labels, envelopes, card stock, business cards and glossy media.
- **The colors you expect.** PANTONE® approved solid-color simulations and Xerox® color correction technology deliver results that always match your expectations.
- **More printing for longer.** A high monthly duty cycle of up to 85,000 images means you’ll have a reliable color printer for many years to come.
- **Accurate results, every time.** True Adobe® PostScript® 3™ and PCL 5c emulation print languages ensure your jobs are consistently accurate.
- **Print when you’re ready.** A first-page-out time as fast as 5 seconds means in most cases your print job’s ready by the time you walk to the printer.
- **No time lost for color.** The ColorQube 8570 prints black-and-white and color at the same fast speed.
- **Intuitive color correction.** The Color By Words feature lets you select desired color modifications from a simple drop-down list.

The Right Fit for any Environment

- **Easy expandability.** With the ColorQube 8570 it’s easy to add memory for more time-saving features and expand paper capacity to 2,200 sheets.
- **Small footprint.** The ColorQube 8570 fits almost anywhere in your work space, whether on your desk or in a central location.
- **Total flexibility.** Get full compatibility with Windows, Mac and Linux environments.
- **Save shipping costs and storage space.** Compared to toner, solid ink’s smaller packaging costs less to ship and is small enough to fit in a desk drawer.
