The ColorQube 8880 color printer means big savings on color printing thanks to its incredibly low total cost of ownership. You get a powerful, no-fuss and waste-conscious printing solution that delivers exceptional color quality, consistently.

Your Office, Greener

- **Less waste, less impact.** Packaging for the printer and solid ink sticks helps you create up to 90% less waste, up to 30% lower lifecycle-energy demand and a carbon footprint that’s up to 30% smaller than comparable laser printers.

- **EarthSmart print driver settings.** Easy-to-use print-driver gauge allows you to choose the most environmentally conscious print settings.

- **Optimize energy usage.** Intelligent Ready technology learns your workgroup’s usage patterns and moves to low-power mode when you’re least likely to use it.

- **Bundled GreenPrint software.** Use the standard GreenPrint tool to help you print only the pages you want for reduced paper and ink usage.

True Cost Savings

- **Color for black-and-white prices.** With the ColorQube 8880 you can afford to print all your documents in attention-grabbing color.

- **Pay for the color you use.** With flexible pricing plans you’ll stop paying expensive per-page prices for low-coverage documents.

- **The print volume advantage.** If you print at least four reams of paper each month, the ColorQube 8880 will deliver a total cost of ownership that’s hard to beat.

- **Save shipping costs and storage space.** Compared to toner, solid ink’s smaller packaging costs less to ship and is small enough to fit in a desk drawer.

- **Spend less on paper and ink.** Get standard two-sided printing and the N-up feature, which prints multiple pages on a single sheet.

More Color Performance

- **Always superior color.** Solid ink gives your documents rich, vibrant colors on all media, including recycled paper.

- **The colors you expect.** PANTONE® approved solid-color simulations and Xerox® color correction technology deliver results that always match your expectations.

- **More printing for longer.** A high monthly duty cycle of up to 120,000 images means you’ll have a reliable color printer for many years to come.

- **Choose productivity.** Add more memory to enable a variety of security and time-saving capabilities with a choice of two productivity kits.

- **Easy expandability.** Adding additional media trays increases total media capacity up to 2,200 sheets for periods of high workload and enables multiple tray sources for your diverse office printing needs.

- **Intuitive color correction.** The Color By Words feature lets you select desired color modifications from a simple drop-down list.

- **Apple® AirPrint™.** Simplify printing of email, photos and important office documents directly from your Apple products with no drivers to install.

- **Mopria® certified.** Mopria certification simplifies the mobile printing experience for tablets and smartphones to many printing devices, including the ColorQube 8880.

- **The optional Xerox® Wireless Print Solutions Adapter** seamlessly connects your Xerox® printer or MFP to modern mobile and desktop workflows, regardless of your office environment. For more information, visit [www.xerox.com/WPSA](http://www.xerox.com/WPSA).
