Xerox® AltaLink® B8045/B8055/B8065/B8075/B8090 Multifunction Printer

Introducing our latest black and white smart multifunction printer intelligent enough to change the way you work. Offering a next generation, mobile-ready user experience, the AltaLink B8000 Series is built for ease of use, security and the future proof flexibility of app-based workflows. Transform your fleet—and then your business.

**SMART AND PRODUCTIVE**

You’ve never seen a multifunction printer like this before. From its tablet-like user interface to its right out of the box mobile-friendly connectivity options, the Xerox® AltaLink B8000 Series is the multifunction device today’s workers have been waiting for.

Optimised for business processes, and easy to manage as a standalone device or as part of an entire fleet, it’s designed to enable multitasking and collaboration. Create personalised workflows, automate complex tasks, print and scan directly to and from the cloud with services such as Box®, Microsoft® OneDrive®, Google Drive™, Dropbox™, Microsoft Office 365™ and email. Connect any time, from anywhere on any device.

With the touch of a button, you can go to our Xerox App Gallery and download these simple, yet powerful, serverless apps to your AltaLink multifunction printer to increase user productivity and shorten everyday tasks. Built-in mobile connectivity, including Near Field Communication (NFC) Tap-to-Pair, optional Wi-Fi Direct®, @PrintByXerox, Apple® AirPrint®, Google Cloud Print™, Xerox® Print Service Plug-in for Android™ and Mopria®, provides the time-saving convenience your workforce wants and needs.

**POWERFUL AND SCALABLE**

Your work groups operate more efficiently and effectively with AltaLink. Manage, monitor and upgrade your entire fleet, or provide interactive training and support right from your desktop with our remote user interface.

Fewer maintenance hassles, less IT support, high-capacity paper trays and the ability to print on varying paper sizes add up to increased uptime and greater productivity. Scanning, printing and faxing can be done simultaneously, allowing for multitasking during peak periods—and your choice of finishing options means you can configure your AltaLink device for any work environment and any document type, including booklets, brochures and pamphlets.

**BUILT-IN SECURITY**

The AltaLink B8000 Series Multifunction Printer provides the maximum level of security through our partnership with McAfee, proactively addressing risks at the fleet and individual device level.

User credentials can be tailored, allowing IT departments or fleet managers complete control over which users have access to critical data and software. And with Secure Print, jobs can be issued a unique PIN to ensure confidential documents are held for release until they’re ready to be retrieved at the machine.

INTRODUCING MOBILE DEVICE-LIKE TOUCHSCREEN SUPERIORITY

Meet our all-new, 10.1-inch colour touchscreen. This all new user interface sets a higher standard for customisation, ease of use and versatility.

By presenting a familiar “mobile” experience with support for gestural input and task-focused apps that share a common look and feel. Fewer steps are needed to complete even the most complex jobs.

A highly intuitive layout guides you through every task from start to finish, with a natural hierarchy placing critical functions near the top of the screen and commonly used options front and centre. Don’t like where a function or app is located? Customise the layout to make it yours.

This unmatched balance of hardware technology and software smarts helps everyone who interacts with the AltaLink® B8000 Series get more work done, faster. Try our new UI at www.xerox.com/AltaLinkUI.
