

REVOLUTIONARY COLOUR
SOLID INK

Award Winning Solid Ink

The Tektronix Phaser® 840 colour printer has received unanimous praise from the press. With dozens of technical innovations, the new Phaser 850 printer is even better.

WINLIST
Windows Magazine 1999

PC Computing Four Stars
PC Computing – February 1999

“I got my hands on one of the new solid-ink, full-color, full-duplex Tektronix Phaser 840 printers, and now I can’t rave enough about them... this kind of printer should be in every office in the country.” – *John C. Dvorak, PC Magazine (US) April 6, 1999*
