

XEROX®

Technology | Document Management | Consulting Services

print | copy | scan | e-mail | fax

Outside, it's a work of art. Inside, it's all business.

Strikingly designed. Incredibly advanced.

At the centre of your
networked office.

Introducing the Xerox
WorkCentre® Pro 35/45/55
Advanced Multifunction
Systems. A new family of
powerful devices that help you
do more work and better work
than ever before.

Featuring the walk-up simplicity and
standout copying performance you
expect from Xerox, the WorkCentre Pro
represents a true revolution in multifunction
productivity. They can stand right at
the heart of today's networked office –
enabling hard copy and digital to
converge in a seamless, efficient flow
of information, whether it's across
the office or around the globe.

The Xerox WorkCentre Pro. It's the
most advanced multifunction system
available today.

Secure peace of mind.

The Xerox WorkCentre Pro is
designed with extensive security
features to restrict access, manage
usage and ensure confidentiality
so your private data stays that way.

Engineered for performance.

Best-in-class productivity. The WorkCentre Pro systems employ industry-leading network controller technology. They can complete more jobs in less time than any comparable printer on the market.

Unparalleled multifunctionality. Designed for the results-oriented office, the Xerox WorkCentre Pro handles multiple tasks *simultaneously*. Whether you need to print, copy, scan, e-mail or fax, you can always access the function you need – even when other jobs are running.

Flexible, open architecture. The WorkCentre Pro allows for easy integration with third-party software solutions. In fact, Xerox has partnered with leading software developers who provide innovative, customised solutions that extend the power and value of your system.

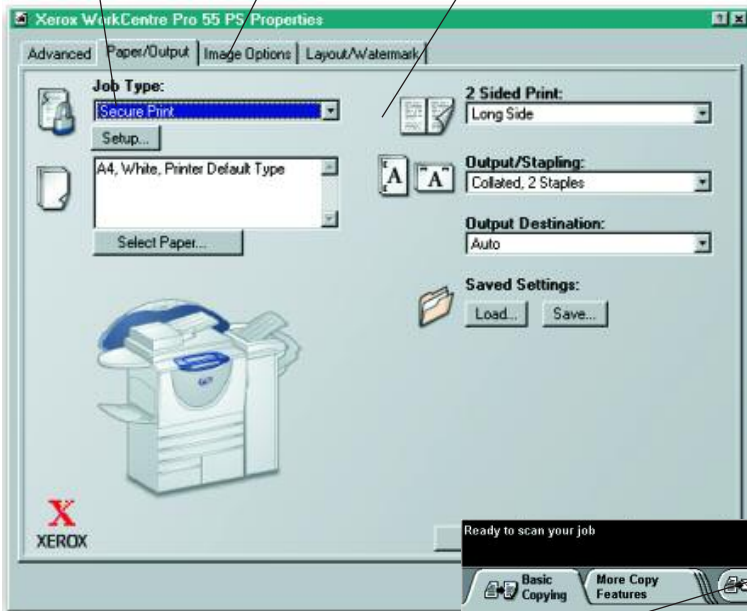

Built for endurance. Designed to keep you up and running, the WorkCentre Pro features automatic monitoring that actually helps avoid problems. When the system alerts you, you can quickly and easily insert a customer replaceable module to prevent downtime *before* it happens.

A secure print feature is built in to ensure your jobs remain 'for your eyes only.'

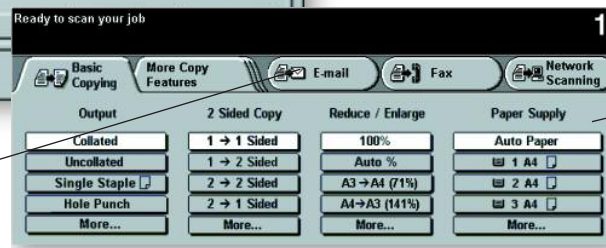

Print drivers with PostScript® and PCL® emulation enable you to print nearly any document the way you need it.

CentreWare® print drivers have clear graphical user screens that make selection of advanced features very easy.

WorkCentre Pro 55 with Office Finisher option

Convenient access is provided to advanced optional functions such as network scanning, fax and e-mail.

Thanks to its large and easy-to-read touchscreen interface, the WorkCentre Pro is very user friendly and provides easy access to powerful walk-up features.

Capture, send and store. All at the touch of a button.

With the WorkCentre Pro 35/45/55, world-class printing and copying are only the beginning. Everything you need to effortlessly handle your other office tasks is right at your fingertips.

Versatile fax options.

Traditional walk-up fax is available as either a one-line or two-line option. With the two-line option you can send and receive simultaneously. With Internet fax, you can send documents via the network to avoid costly long-distance charges and busy signals. Fax server integration eliminates the need for dedicated phone lines and consolidates assets by leveraging existing network resources.

Powerful scanning.

You can instantly scan to your desktop, network file server, document management application or even the Web. What's more, it's easy to integrate this capability into your business workflow using existing partner solutions.

Simple and secure e-mail.

Distribute documents to any number of recipients with fast, convenient e-mail functionality. Plus, you can easily auto-search for these recipients using your existing network address book.

CONFIGURATIONS	WorkCentre® Pro 35	WorkCentre® Pro 45	WorkCentre® Pro 55
Speed	35 pages per minute (ppm)	45 pages per minute (ppm)	55 pages per minute (ppm)
Copy Pre-collation Memory	Standard RAM: 384 MB—dedicated Maximum RAM: 512 MB—dedicated		
First-Copy-Out Time	4.6 seconds	3.4 seconds	
Maximum Resolution	600 x 600 dpi x 8 bit Copy/Fax 600 x 4800 Interpolated		
Paper Input	75-sheet Duplex Automatic Document Feeder		
Paper Tray Options selected at time of purchase	Two 550-sheet user-adjustable trays and one 100-sheet user-adjustable bypass tray, OR two 550-sheet user-adjustable trays and one 100-sheet user-adjustable bypass tray plus 3,600-sheet High-Capacity Feeder (one 2,000-sheet tray and one 1,600-sheet tray)		
Standard Tray Sizes, Weights	A5 to A3 (Trays 1 and 2 are fully customer adjustable and auto-sensing) 60 gsm to 200 gsm; Envelopes (optional, Tray 2 only)		
Paper Output Options selected at time of purchase	Offsetting Catch Tray (up to 300 sheets) OR Office Finisher (up to 2,000 sheets)		
Network Controller	Processor: 433 MHz Intel® Celeron®—dedicated RAM: 128 MB—dedicated Connectivity: Ethernet 10/100BaseT, optional USB port, 10Base2, 10Base5 via adapter PDL Support: PCL® 5e, PCL® 6, PostScript® 3 emulation, Tiff and PDF OS Support: Windows® 9x/Me®/NT® 4.0/2000/XP®, Novell® NetWare® 4.x/5.x/6, Solaris® 2.5.1/2.6+, HP-UX® 10.2/11, IBM AIX® 4.2+, Linux® Intel® (various), Mac® OS 8.x, 9.x, OS X, System Disk: Minimum 9.1 GB		
Special Features	Build Job, AutoIQ image quality control, auto covers insertion, auto page insertions from up to two trays, multi-up copies, negative image, reverse image, image shift, auto center, auto reduction/enlargement, auto paper selection, multi-set printing with send-once/RIP-once/print-many technology, RIP-while-print multitasking, print drivers with custom graphical user interface, paper selection from the driver by type, embedded Web server for remote control/monitor/set-up, job monitoring and control at the device and at the desktop, concurrent scan-while-print		
Duty Cycle	Up to 100,000	Up to 150,000	Up to 200,000
Options/Accessories	Embedded Fax (33.6 kbps, one-line and two-line options), Network Scanning With E-Mail (with user authentication and address book search), Network Fax Server Integration, Network Accounting Enablement, Internet Fax, Image Overwrite Security, Two-Hole Punch (requires Office Finisher), Three-Hole Punch (requires Office Finisher), Foreign Device Interface, Copy Pre-collation RAM Upgrade (256 MB), Scan to PC Desktop Client Software, USB 1.1 Printer Port		

Unrivalled service and support.

Behind every Xerox product is a large network of customer support that's unrivalled in the industry and available when you need it. Xerox service professionals use leading-edge technologies to keep you up and running. They're even linked to the engineers who designed your product, so you can be confident when you choose Xerox. Genuine Xerox supplies are always easily available.

Designed to be kind to our planet.

Xerox products conserve natural resources through designs that minimise waste during manufacturing and use, maximise energy efficiency in your office and work reliably with Xerox recycled paper. Our Green World Alliance program encourages recycling of Xerox-brand used supplies.
