Xerox® Scan to PC Desktop®

Streamline document-based processes.
Boost office productivity.

xerox ®

Put document simplicity and office productivity on the same page.

Now you can quickly and easily bridge the gap between paper, Microsoft® Office and PDF documents with a single, complete desktop document management solution. Xerox® Scan to PC Desktop® uses the power of Xerox® multifunction printers (MFPs) to capture paper documents and Nuance® productivity applications to organize, combine and share your scanned documents and digital content files in one convenient and secure place.

The result: a personalized document-scanning platform that can streamline document management while boosting productivity across your entire workplace.

Xerox® Scan to PC Desktop comes in a variety of configurations with options to support the needs of businesses large and small. The comparisons below can help you decide which option is best for you.
