

Technical Specification Data

Equitrac Express 4.0.1 SOFTWARE SUITE

Equitrac Express Software Suite	Applications
Equitrac Express Software Suite	Any size network with single or multiple accounting and/or print servers
Equitrac Express Small Campus Edition (SCE)	Small and medium size schools or libraries with single print server

Equitrac Express Features	Standard ¹	Optional
Document Output Tracking		
Print tracking for all printer types (using Windows Print Drivers)		✓
Utilization tracking: Devices, Users, Departments	✓	
Secure Document Release	✓ ²	
Follow-You™ document release across print servers	✓ ^{2,4}	
Device manufacturer embedded interfaces		✓
Per minute and per page for fax costing through embedded interfaces		✓
Copy tracking with PageCounter terminals	✓ ²	
Support for NetWare® print servers	✓	
Support for UNIX® print servers	✓	
Simplified installation with Windows® printer conversion wizard	✓	
Macintosh® support with Windows and NetWare print servers	✓	
Offline terminal data collection	✓	
Client Tools		
Support for unattended push client installations	✓	
Workstation Client		
Client Billing print popup for Windows & Macintosh		✓
Client Billing opt-out on a per printer basis		✓
Desktop print tracking		✓
LPTx, USB, Direct IP print tracking		✓
On-line authentication (internal, native OS or LDAP)		✓ ³
Document cost preview		✓ ³
Send To print distribution		✓ ³
Cost override for distributed printing		✓ ³
Reset job cost for distributed printing		✓ ³
Print Assistant		
On-line authentication (internal, native OS or LDAP)		✓ ³
Document cost preview		✓ ³
Display account balance		✓ ³
Release Key for personal job queuing and anonymous user support		✓ ³
Rename Job		✓ ³

Equitrac Express Features <i>(continued)</i>	Standard ¹	Optional
Enterprise Solutions		
Multiple and heterogeneous print server support		✓ ⁴
Terminal Services compatibility	✓	
Rules-based print job handling and routing		✓
Reporting Uplink License for aggregate enterprise reporting		✓ ⁴
Windows 2000 & 2003 cluster support		✓ ⁴
Virtual Server Support	✓ ⁵	
Management Tools		
Accounts Management		
Users, departments & billing codes administration	✓	
Color quota account limits	✓	
Minimum account balance limits	✓	
Remote accounts management	✓	
Automatic account creation	✓	
Native OS and LDAP authentication	✓	
Account synchronization with Active Directory	✓	
Account synchronization with NDS eDirectory	✓	
Cashier application	✓	
Account deposit through Deposit Station with value card readers	✓ ⁶	
Account deposit with Pay Station Deposit Center	✓ ⁶	
Personal account statement	✓	
Web-enabled PIN reset	✓	
Certified with Blackboard transaction system		✓ ⁴
Certified with CBoard Odyssey PCS		✓ ⁴
Release Station workstation application	✓ ⁶	
Department manager security role	✓ ⁶	
Reporting		
Summary, Detailed and total activity reports by user, department, billing	✓	
Account listings	✓	
Personalized and standard templates for report	✓	
Report preview	✓	
Report export for offline analysis	✓	
Print by page or full report	✓	
Remote report access	✓	
Report distribution capability	✓	
Report event scheduling	✓	
Queued document status reports	✓	
Device fault status reports	✓ ⁴	

Equitrac Express Features <i>(continued)</i>	Standard ¹	Optional
System & Configuration and Pricing Management		
User-, department- or client-based charging	✓	
Pricing by page & print attributes	✓	
Comprehensive price list configuration	✓	
Account-based discounts / surcharges	✓	
Time- and day-of-week-based discounts / surcharges	✓	
Dual Pricing to track 2 charging streams	✓	
Flexible decimal support (up to 4 decimals)	✓	
Intelligent defaults for configuration	✓	
Device logical grouping capability for configuration	✓	
Remote configuration management	✓	
Event Scheduling	✓	
System Diagnostics	✓	
Add Equitrac Printer Port wizard	✓	
Automatic printer model detection	✓	
Print Queue Viewer	✓	
EQCmd - command line tool	✓	
Device Monitoring		
Device fault tracking	✓ ⁴	
Detailed properties	✓ ⁴	
Historical status reporting	✓ ⁴	
Automatic job routing	✓ ⁴	
Terminals		
PageCounter local cache for off-line copy control	✓ ²	
PageCounter account declining balance	✓ ²	
PageCounter job cost viewing	✓ ²	
Automated PageCounter configuration	✓ ²	
Numeric and alpha-numeric login and PIN support	✓ ²	
Legacy XCP & PageControl Station terminal support	✓ ²	
Magnetic stripe, Mifare, Legic, HID card support	✓ ²	
Campus Card system support	✓ ²	
Stored-value card reader support for job payments		✓
User account balance preview through PageCounter	✓	
Declining balance review through PageCounter	✓ ²	
One-step device access	✓	
User Interface		
English, French, Italian, German and Spanish language support	✓	
Customizable notification messages	✓	
Enhanced Print Assistant user interface	✓	
Customizable Release Station user interface	✓	
Filtering and search capabilities in administrative console	✓	
Low account balance warnings	✓	
Account balance access in workstation tooltray	✓	
Display transactions as pages or currency	✓	

Equitrac Express SYSTEM REQUIREMENTS

Server Components	Software Platforms	Minimum Hardware Platforms ⁷
Core Accounting Server (CAS)	Windows Server ⁸ 2003 Windows 2000 Server ⁸	Intel® Pentium® III or AMD Athlon™ CPU 512 MB of system memory 1 GB of available disk space
Core Accounting Server (CAS) <i>Database</i>	MSDE 2000 SQL Server ⁸ 2000 , 2005, 2005 Express Oracle® ⁸ 9, 10g	
Core Accounting Server (CAS) <i>Cluster server</i>	Windows 2003 cluster Windows 2000 cluster	Intel Pentium III or AMD Athlon CPU 1 GB of system memory 1 GB of available disk space
Print Server (DRE) <i>with Rules and Routing or Secure Document Release</i>	Windows Server 2003, 2000 NetWare 5.1 SP8, 6.5 SP5 AIX 5.1, 5.2, 5.3 HP-UX ia64 11i Red Hat Enterprise 5, 4 Red Hat Fedora Core 3, 4, 5 Solaris™ SPARC 8, 9, 10, X64 10 SuSE Linux Server 9, Enterprise 8, 9	Intel Pentium III or AMD Athlon CPU 512 MB of system memory 200 MB of available disk space
Print Server (DRE) <i>Cluster server</i>	Windows 2003 cluster Windows 2000 cluster	Intel Pentium III or AMD Athlon CPU 512 MB of system memory 1 GB of available disk space
Device Control Engine (DCE)	Windows Server 2003 Windows 2000 Server	Intel Pentium III or AMD Athlon CPU 256 MB of system memory 100 MB of available disk space
Device Monitoring Engine (DME)	Windows Server ⁸ 2003 Windows 2000 Server ⁸	Intel Pentium III or AMD Athlon CPU 512 MB of system memory 1 GB of available disk space
Management Tools	Software Platforms	Minimum Hardware Platforms
System Manager Accounts Manager Department Manager Reports Manager Release Station	Windows Server 2003 Windows 2000 Server Windows XP Professional Windows 2000 Professional	Intel Pentium III or AMD Athlon CPU 512 MB of system memory 50 MB of available disk space 1024x768 display resolution
Client Tools	Software Platforms	Minimum Hardware Platforms
Print Assistant Workstation Client	Windows 2000 Terminal Server Windows 2003 Terminal Server Windows XP Professional Windows 2000 Professional Citrix® XP Server, Presentation Server 4 Mac OS 10.4+ (Power PC, Intel)	256 MB of system memory 5 MB of available disk space 800x600 display resolution

Notes:

- Standard & optional features apply to both Equitrac Express 4.0 Suite and SCE, unless otherwise noted. SCE is limited to scalability for some optional features. Consult your account representative for details
- Users are responsible to secure Microsoft Client Access Licenses (CAL) as required
- SCE is pre-bundled with 10 workstation clients and 10 seats of Print Assistant
- Optional feature not available for SCE.
- Equitrac Express is fully supported on all hardware platforms compatible with Windows Server 2003 and Windows 2000 Server. The use of Express under virtualization environments such as Virtual Server or VMWare is generally supported and is fully expected to work correctly, as long as such environments fully support the server operating system (e.g. Windows Server 2003), as Equitrac Express does not make any assumptions about the underlying hardware platform. Consult your account representative for details
- Release Station and Account Deposit licenses are optional.
- This column indicates minimum hardware requirements only; high printing volumes and/or large installations may require substantially higher performance hardware.
- Site Network Administrator is responsible for securing Client Access Licenses (CALs) as required.
