

VersaLink[®] B400 Printers are built on Xerox[®] ConnectKey[®] Technology. For more information, go to **www.ConnectKey.com**.

SYSTEM SPECIFICATIONS	VERSALINK [®] B400	
One-sided Speed¹ 8.5 x 11 in. A4/210 x 297 mm 8.5 x 14 in./216 x 356 mm	Up to 47 ppm black-and-white Up to 45 ppm black-and-white Up to 38 ppm black-and-white	
Two-sided Speed¹ 8.5 x 11 in. A4/210 x 297 mm 8.5 x 14 in./216 x 356 mm	Up to 29 ppm black-and-white Up to 28 ppm black-and-white Up to 25 ppm black-and-white	
Monthly Duty Cycle ²	Up to 150,000 pages/month	
Recommended Average Monthly Print Volume ³	Up to 15,000 pages	
Processor	1.5 GHz ARM Dual Core	
Memory	2 GB	
Connectivity	Ethernet 10/100/1000 Base-T, High-speed USB 3.0, Wi-Fi 802.11n and Wi-Fi Direct with optional Wi-Fi Kit (concurrent wired and wireless connections supported), NFC Tap-to-Pair	
Controller Features	Configuration Cloning, Xerox Extensible Interface Platform®, Xerox® App Gallery App, Xerox® Standard Accounting Tool, Network Accounting Enabled, Role Based Permissions, Convenience Authentication Enabled, Online Support	
User Interface Languages	English, French, Italian, German, Spanish, Brazilian Portuguese, Russian, Dutch, Swedish, Danish, Finnish, Norwegian, Greek, Turkish, Polish, Czech, Hungarian, Romanian, Catalan, Ukrainian, Croatian

Xerox® Global Print Driver®	A truly universal print driver that lets IT administrators install, upgrade and manage Xerox® and non- Xerox devices from a single driver. It provides a consistent, easy-to-use interface for end-users, reducing the number of support calls, and simplifying print services management.	
Xerox [®] Pull Print Driver	Makes it easy for IT managers to qualify, deploy and manage all print devices using a single driver in a Pull Print environment. Uses a single queue and single driver. The Xerox® Pull Print Driver extends convenience across a broad range of printing assets. IT administrators no longer need to manage and configure multiple drivers. Used in conjunction with Equitrac Office®, Ysoft® SafeQ®, Pharos® and others.	

Increase user productivity by simplifying and shortening everyday tasks. Unlike traditional software, ConnectKey® Apps do not require a dedicated server, PC or IT resource. Instead, simply download these lightweight, serverless ConnectKey® Apps to the ConnectKey® Technology-enabled device.		
ILE DEVICE APPS		
Print email, photos and important office documents directly from an Apple iPhone® or iPad® with no drivers to install and no cables to connect. With AirPrint, an iPhone or iPad automatically locates and connects to the AirPrint-enabled device over the office Wi-Fi network.		
ConnectKey [®] Technology-enabled MFPs are Mopria [®] certified. Mopria [®] certification ensures you can print wirelessly from your Mopria [®] supported (Android) smart phone, tablet and other mobile devices instantly and easily.		
@printbyXerox App is a free service that allows secure printing from any email-enabled device (computer, phone, tablet, iOS, Android [™] , Google [®] Chromebook [™] and more) to a Xerox [®] printer or MFP using a single email address with no IT intervention. No training is needed. End-users simply send attachments to the email address, and release them at the MFP panel.		
The Xerox [®] Print Services plug-in for Android devices streamlines mobile printing without third-party apps or additional print drivers. You can easily print photos, web pages and documents when your mobile device is connected to multifunction printers using a wireless network. A robust print option set includes two-sided printing, stapling and secure code release. A free download is available from the Google Play [™] store.		
The Xerox [®] Easy Assist app simplifies installation, monitoring and management of your printer or MFP right from your mobile phone. It provides easy access to self-support services and real-time monitoring of printer performance. And, Xerox [®] Smart Start Software takes the guess work out of setup by automating the installation of the latest software for your printer or MFP on your computer – all without IT support – allowing you to be up and running quickly.		
Xerox [®] Workplace Suite is a modular set of workflows designed to save customers time and money by providing effective control over their print fleet, while enabling worker productivity and mobility through a set of robust workflows. Xerox enables ultimate customer flexibility by offering these capabilities in both an on-premises server version (Workplace Suite) and with a cloud-based version (Workplace Cloud) of this solution.

REMOTE SERVICES			
Automated Meter Readings (AMR)	Automates the process of collecting and submitting meter reads for tracking and billing of Xerox [®] Device usage. Eliminates the need for time-consuming end-user involvement and ensures that meter reads are submitted to Xerox on time.		
Automatic Supplies Replenishment (ASR)	Automatically orders supplies for Xerox [®] output devices based on actual usage, eliminating the need to manually manage supplies inventory.

¹ Declared print speed in accordance with ISO/IEC 24734.

²Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis.

³Recommended average throughput is not a minimum, but is intended to cover a range of volumes for different environments.

⁴ Power states defined per ENERGY STAR[®] Program requirements for Imaging Equipment.
⁵ Paper capacities are based on 20 lb./75 gsm stock; capacities will vary with different weight stocks.

⁶ Average standard pages. Declared Yield in accordance with ISO/IEC19752. Yield will vary based on image, area coverage and print mode.

⁷Approximate pages. Declared yield will vary depending on job run length, media size/orientation and machine speed. For more information visit: https://www.office.xerox.com/Latest/SUPGL-01.pdf.

Return spent imaging supplies through the Xerox Green World Alliance collection/reuse/recycling program. For more information, visit www.xerox.com/About-Xerox/Recycling.

For more information, visit us at www.xerox.com/Office.

Configurations vary by geography.
