

Competitive Comparison

Xerox WorkCentre® M118i vs. Canon imageRUNNER 2010F

Xerox is the better choice for the busy office

- Easier to use and maintain
- More standard and maximum memory capacity
- Better paper handling capabilities
- EA Toner for excellent image quality
- Networking is standard

	WorkCentre M118i	Canon 2010F
Easy-to-use interface <ul style="list-style-type: none"> • User-friendly touch screen with all commonly used features on the top-level screen 	4-column interface displays basic functions	2-column interface only shows indication of current conditions
Simple paper jam clearance <ul style="list-style-type: none"> • Xerox devices are some of the easiest to maintain on the market – with fewer “touch points” and “reach areas” where paper jams can occur 	10 touch points, 5 reach areas	24 touch points, 7 reach areas
Faster warm-up time	25 seconds	30 seconds
Faster first-copy-out-time	7.5 seconds	8.4 seconds
Higher paper capacity	1,850 sheets	1,100 sheets
Standard duplex and DADF <ul style="list-style-type: none"> • Canon does not offer duplex - must manually reload into bypass 	Standard	Not available
Handles heavier media weights	16 lb. bond to 110 lb. index from trays 2, 3, 4, or bypass 16 to 24 lb. bond from tray 1	16 to 24 lb. bond from trays 16 to 32 lb. bond from bypass
Trays sense paper size <ul style="list-style-type: none"> • Smart Trays automatically detect what size of paper is loaded in them 	Automatic	Must set indicator dial
Feeds mixed-size media <ul style="list-style-type: none"> • Combine different sized documents into the same job to increase productivity 	Same width but different length	Not available
Excellent image quality <ul style="list-style-type: none"> • EA Toner is chemically grown into uniform particles, not crushed, to produce exceptional image quality, fast warm-up times, and low operating costs 	EA Toner	Conventional, ground toner
Better printer language support <ul style="list-style-type: none"> • Xerox offers Adobe® PostScript® 3™ standard on the WorkCentre M118i for more accurate printing 	Standard: Adobe PostScript 3, PCL 6 and PCL 5e emulation	Standard: PCL 6 and PCL 5e emulation
More memory for printing <ul style="list-style-type: none"> • More memory significantly increases performance and facilitates processing and storage of large documents 	Standard/max printer/scan memory: 192 MB Standard/max copy/fax memory: 96 MB	Standard print memory: 8 MB Max print memory: 72 MB Standard copy/fax memory: 16 MB Max copy/fax memory: 80 MB
More connectivity options <ul style="list-style-type: none"> • Canon network connectivity is optional; Xerox network connectivity is standard 	Standard: 10/100Base-TX, Parallel, USB 2.0 Optional: Wireless LAN via 3rd party	Standard: Parallel, USB Optional: 10/100Base-TX
Higher toner yield	11,000 pages @ 5% coverage	7,850 pages @ 6% coverage
