WorkCentre® C226

print | copy | scan | fax | email

Amazingly functional.

Affordably colorful.

Xerox WorkCentre® C226

Bridging the gap between value and performance

Now there's an office solution that's both affordable enough and powerful enough to meet any need — including your need for color. From basic multifunction essentials to advanced document finishing, the WorkCentre® C226 multifunction device offers best-in-class features and performance at a surprisingly low price.

Versatility meets configurability

The WorkCentre C226 is the multifunction with multiple personalities. From color print/copy/scan/email and fax capabilities, up to fully integrated document management — it offers a solution for any workgroup's needs.

- Add the paper handling and finishing features you need... or as your needs grow. Options include booklet making, duplexing, stapling, folding, hole-punching, high-capacity tray and more.
- Print on a range of media such as heavy weight cover stocks (up to 300 gsm), labels, coated paper and sheets up to 12 x 18 in. (A3W).
- Gain digital control of paperwork using optional software to edit and organize all your scanned hardcopy documents.
- Send ultra-fast fax transmissions of scanned documents by adding Super G3 fax capability with JBIG compression.
- Maximize fax capabilities using the dedicated fax paper tray and delay fax send features.

A new standard for value

Yes, you can get more for your money: The WorkCentre C226 multifunction and its range of affordable options offer functionality and performance rivaling that of more expensive machines.

- Save time using an all-in-one device that offers enhanced features like scan-once/print-many and electronic pre-collation.
- Save time and money by producing saddle-stitched booklets and other professionally finished, full color materials in-house.
- Monitor and control costs by using Auditron to manage user access to color, print, copy, scan and fax features.
- Cut reloading time with a 5,750-sheet paper capacity, plus auto tray switching and load-while-run capability.
- Avoid downtime thanks to super-reliable LED technology, plus a short paper path that virtually eliminates jams.

Professional finishing options

Sort and collate
Sets up to 30 sheets each

Multi-position Stapling
Options for both position and placement

Hole punch
2-, 3- and 4-hole options meet worldwide standards

Folding
Produce V-fold brochures in one pass

Booklet

Added control

Get information on jobs in-process right at the machine, with the Job Queue display feature.

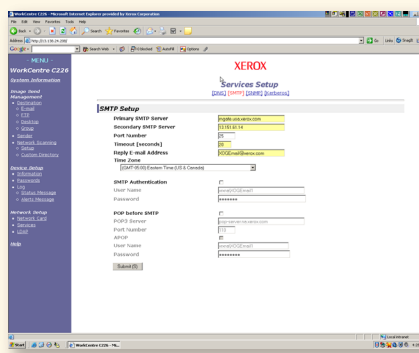

Walk-up simplicity

Hard buttons simplify use of most common functions, while advanced features are easily controlled through an intuitively designed LCD touchpad screen.

Best in class performance

With its fast processing and print speeds, plus a full list of productivity enhancing features, the WorkCentre C226 multifunction device performs like no other machine in its class.

- Improve productivity by consolidating multiple stand-alone devices into one easy-to-use, networked solution with color on demand.
- Boost performance with a single-pass print engine that delivers print/copy speeds of up to 17 ppm color and 26 ppm black-and-white, plus improved print quality.
- Reduce job times with the Power PC 400MHz processor and up to 1 GB of RAM, plus a 40 GB hard drive.
- Cut down on waiting thanks to a short warm-up time and first-page-out time as quick as 8-seconds.
- Optimize printing efficiency with user-selectable image quality settings — from everyday documents up to 600 x 600 x 4 (bit) professional-quality prints.
- Keep your office up and running with easy-to-replace Xerox SMart Kit™ consumables.

IT-friendly features

- Simplify printer management with easy-to-use client- and web-based administration tools from Xerox.
- Scan to desktop, FTP server, or even your company email directory with optional LDAP capability.
- Build confidence with layered security options that offer IP and MAC address filtering, Secure Print, Secure Fax and immediate image data overwrite.
