

EFI® Fiery® Network Server

WorkCentre™

7500 Series Multifunction System

When you add an EFI Fiery Network Server to a WorkCentre 7500 series multifunction system, enabled users produce professional, finished colour documents quickly and easily without expert knowledge.

World-class colour

Ideal for any business that wants to take its in-house design capabilities to a new level, the Fiery Network Server includes a wealth of easy-to-use colour management tools that enable unsurpassed colour quality from all applications, platforms and formats.

- With 1200 x 2400 dpi, colour images are rich and crisp.
- PANTONE® Calibrated certification ensures you get precise colours, every time.
- Fiery ColorWise® offers standard-setting colour tools and user flexibility.

Superior workflows

Powerful productivity features and workflow tools further enhance your printing capabilities.

- A 2.6 GHz processor and 1 GB system memory delivers the power to handle even the most complex print jobs.
- Fiery VUE, the “visual print application,” enables you to produce professional-looking, finished print materials quickly, easily and cost-effectively in-house.
- Fiery Command WorkStation® via PC or Mac, with device management and visual job management, makes it easy to programme, monitor and manage your office workflows.
- Built-in support of Adobe® PDF printing standards enables the highest levels of file compatibility and assures accurate processing of all files.
- The Fiery RIP-and-Print utility streamlines the print-job processing workflow in office environments.

EFI® Fiery® Network Server

Specifications

System

- Controller Operating System: Linux
- Supported product: WorkCentre™ 7500 Series
- Processor: Intel Pentium Processor E5300 2.6 GHz
- RAM: Memory 1 GB
- Hard Drive: 160 GB

Page Description Language / Fonts

- Adobe PostScript 3
- 138 Adobe PS fonts installed

Fiery Utilities

- Fiery Command WorkStation 5.2 (Mac and PC)
- Colour and Imaging Tools
 - Calibration Support
 - ES-1000 spectrophotometer*
 - ColorCal
 - Colour Editor
 - Profile Manager for ICC Profiles
 - Colour Setup
 - Fiery Spot-On (Pantone / HKS/ Toyo / DIC Support) (optional)
- WebTools
 - Internet Explorer / Firefox / Safari Support
- Variable Data Printing (Freeform v1 and v2.1)

Networking

- Auto Protocol switching
- Auto Port switching
- Remote Desktop support
- NDPS
- Netware Compliance (IPP, NDPS)
- Novell YES Certification
- IPv6 Support
- SMB
- AppleTalk
- TCP/IP
- Static IP
- Auto IP
 - DHCP
 - BOOTP
- Point and Print (for MS)
- SNMP
 - SNMP v3 Security
 - SNMP Configurable Community Name
 - SNMP On/Off Switch
- FTP Printing
- Port 9100 (w/BiDi)
- IPP
- Email client
 - Print via Email (PS/PDF)
 - Automatic MS Office Doc conversion
- Network Time Protocol

Standard Security Features

- User Authentication
- Secure Erase
- IP Sec Support
- SSL Support (IPP/LDAP/HTTP/POP/SMTP)
- Certificate Management
- 802.1x support
- MAC filtering
- IP Filtering
- Port Blocking (Filtering)

EFI Fiery Driver 4.1

- Tab Based UI
- Section 508 usability
- Compatible with:
 - Windows® 7
 - Windows Server 2008 32- and 64-bit and R2 64-bit
 - Windows Vista
 - Windows XP 32- and 64-bit
 - Windows Server 2003 32-bit
 - Windows Server 2003 SP1 64-bit
 - Macintosh OSX 10.4 or higher
- User Authentication support
- Mixed Media (job properties per page or range)
- Job Monitor (status of user-sent jobs)
