

Xerox[®] WorkCentre[®] 7220i/7225i Color Multifunction Printer

Meet today's tasks, build tomorrow's opportunities.

Xerox® WorkCentre® 7220i/7225i Color Multifunction Printer

With Xerox, you can gain an important competitive advantage with innovative tools that help you save time, control costs, and get a significant return on your investment. For more information, visit **www.connectkey.com**.

The perfect touch for optimizing your workflow.

Experience a simplified, and intuitive user interface that can be tailored for your individual business needs. Easily create a workflow that enables you to scan information to your selected destinations, (email, desktop, network folders, cloud repositories) in secure text searchable formats, at the touch of a button. This saves time, and allows more to be done with the information you scan and store.

Embedded apps allow you to easily connect your mobile workers to the device. Xerox® App Gallery allows you to download new apps, such as Print from DropBox™ and Scan to Microsoft® Office 365 directly from the user interface. Xerox® ConnectKey® Technology helps to streamline how your business deals with critical information—in-house or in the cloud.

Apps are available at the Xerox[®] App Gallery. Visit www.xerox.com/AppGallery.

Affordable color that makes an impact.

Xerox[®] print drivers based on Microsoft[®] Windows[®] give you the ability to save different settings per application, minimizing the need to make changes and reducing the risk of potential errors. Xerox[®] ConnectKey Technology evolves with your needs by restricting usage and regulating color printing. The User Permission control integrates with your internal authentication system, allowing you to prevent pre-determined or non-authenticated users from seeing specific features on the user interface.

Stay connected and productive – anytime, anywhere.

The WorkCentre 7220i/7225i allows your staff to control device functions from any workstation. The Remote Control Panel makes it more convenient to train users and for IT staff to remotely view and monitor the user interface.

Xerox[®] devices built on ConnectKey Technology support a Wi-Fi Direct connection that lets you print from your mobile device without having to connect to a network.

Xerox enables secure and accurate printing and scanning with a continuum of mobile options that fit your environment, with free print and scan apps, such as Xerox[®] Mobile Link App, plus a robust set of mobile enterprise solutions.

Learn more about why Xerox is the only choice for today's mobile professionals by visiting www.xerox.com/mobile.

Comprehensive security for complete data protection.

ConnectKey Technology provides advanced features and technologies to help ensure your company's confidential information stays secure. Our standard security features include AES 256-bit hard disk encryption, McAfee® protection powered by Intel Security, image overwrite, secure print with timed deletion and emailing to external mail servers.

For more information about how Xerox helps make you more secure, visit **www.xerox.com/ security**.

More flexibility regardless of location.

Improve your mobile printing experience.

- Apple[®] AirPrint[®]. Print email, photos and important office documents directly from your Apple iPhone[®] or iPad[®] with no drivers to install. With AirPrint, your iPhone or iPad automatically locates and connects to the AirPrint-enabled device over your office Wi-Fi network.
- Xerox[®] Print Service Plug-in for Android [™]. Android printing is simple without third-party apps or print drivers. This plug-in lets you easily print to a Xerox[®] ConnectKey Technology-enabled MFP through a wireless network.

Xerox[®] Easy Translator Service.

This optional service allows customers to scan a document and receive a translated print and/or email notification. Users can also send an image from an iOS or Android device, or a PC, that is forwarded for translation. For more information, visit https://xeroxtranslates.com

To learn more about ConnectKey Technology-enabled features, go to www.xerox.com/ConnectKeyEG

- With a compact footprint, the Xerox® WorkCentre® 7220i/7225i delivers more functionality while taking up less space. Add basic finishing capabilities with the Integrated Office Finisher without increasing the footprint.
- 2 The Duplex Automatic Document Feeder holds 110 sheets of paper.
- **3** 50-sheet bypass tray for specialty media and sizes.
- Choose the configuration that meets your needs: a two-520-sheet tray with stand configuration holding up to 1,040 sheets of 11 x 17 in. paper, or a fourtray configuration holding up to 2,080 sheets.
- Office Finisher LX (with Booklet Maker option) provides advanced finishing functions at a value price.
- 6 Customizable 7-inch user interface
- Standard apps for extra convenience. Xerox[®] App Gallery, @PrintByXerox and QR Code help with mobile printing and pairing and loading new apps.

Keep your costs under control

With the WorkCentre 7220i/7225i, you'll impact your bottom line – and impress your customers – with color that's as bold as it is affordable.

- Customize your print driver settings for economy and efficiency. For example, choose N-up for printing multiple pages on a single sheet as your default. Adjust settings for specific applications, such as always printing emails in black-and-white.
- **Print responsibly.** By default, our print driver is set to two-sided printing, and the Earth Smart feature allows you to select other default settings that encourage responsible usage, such as no printing banner pages.
- Easy, accurate billing; The WorkCentre 7220i/7225i has the ability to connect to the network to automatically submit meter readings so that toner replenishment can be streamlined to enable more productivity.
- Manage and track device usage. Xerox® Standard Accounting provides reports for greater cost control of all device functions. Advanced solutions from Xerox Business Innovation Partners deliver even more helpful tools for larger office environments.
- Earth-smart printing. Our innovative Earth Smart feature allows you to choose the most environmentally sensitive options for your print jobs.

Xerox[®] WorkCentre[®] 7220i/7225i

The WorkCentre 7220i/7225i Color Multifunction Printer is built on Xerox[®] ConnectKey[®] Technology. For more information, visit **www.connectkey.com**.
