

# Updating Xerox Products and Solutions for Daylight Saving Time

## Customer Tip

dc07cc0424

October 21, 2011

In a number of countries the time changes twice a year. This semi-annual time change requires that many Xerox products and solutions need to be updated to reflect the new time.

All Xerox products that support time can be changed manually at the device. However, some products support daylight saving time by entering dates, Network Time Protocol (NTP), and/or changing the time via Xerox CentreWare Web (CWW), or using Simple Network Management Protocol (SNMP).

Xerox CentreWare Web enables enterprises to update the time on many devices at one time. Xerox CentreWare Web helps systems administrators manage diverse printing environments from a single location using a web browser to perform multiple administrative functions.

The following table lists various Xerox products and solutions with the methods they support to update time settings. The table will be updated with information as it becomes available.

Products	DST Supported?	Time Change Options			Information
		Via CWW	Via SNMP	Via NTP	
<b>Color 550/560</b>		Y	Y	Y	<p>The procedure to update this product via SNMP and CWW is available at <a href="http://www.office.xerox.com/support/dctips/dc_admin.html">http://www.office.xerox.com/support/dctips/dc_admin.html</a>.</p> <p>The Network Time Protocol (NTP) can be setup locally at the device. Please refer to the 'Date and Time Settings' section within the product's System Administrator Guide.</p>
<b>ColorQube 9201/9202/9203</b> <b>ColorQube 9301/9302/9303</b>	Y	Y	Y	Y	<p><b>DST</b> Daylight Saving Time on this product is supported by manually entering the Time Zone where the device exists. Please refer to the product's User Guide for detailed directions.</p> <p>The procedure to update this product via Xerox CentreWare Web, and SNMP are available at <a href="http://www.office.xerox.com/support/dctips/dc_admin.html">http://www.office.xerox.com/support/dctips/dc_admin.html</a>.</p> <p>An internal web interface is also available to change the time. Please refer to the product's User Guide for details.</p>
