Xerox Supplies and Accessories

This section includes part numbers and information on the following types of supplies and accessories:

- Customer-Replaceable Consumables (CRCs) — see page 2.
- Customer-Replaceable Units (CRUs) — see page 5.
- Accessories, including upgrades and options — see page 5.
- Paper and Media — see page 6.

When the front panel prompts you that a consumable is low or needs to be replaced, make sure that you have replacements on hand. To order supplies and accessories, contact your local reseller or visit the Xerox web site: www.xerox.com/officeprinting/6200supplies

Note

> Inside the printer, all handles and points of user interaction for replacing Customer-Replaceable Consumables (CRCs) are **orange**.
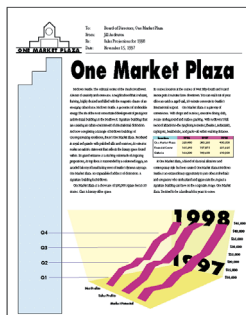

Supplies

Customer-Replaceable Consumables (CRCs)

6200-28

Toner Cartridges

High-capacity toner cartridge life expectancy is up to 8,000 images on letter-size paper at 5 percent coverage per color. Standard-capacity toner cartridge life expectancy is up to 3,000 images on letter-size paper at 5 percent coverage per color.

This is an example of 5 percent coverage per color (20 percent total coverage).
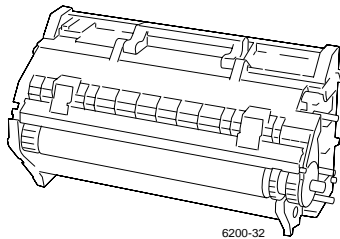

The following customer usage patterns may significantly reduce toner cartridge life:

■ Higher than 5 percent coverage

■ Using paper that is larger than letter-size

■ Printing jobs of less than 4 pages

■ Using Enhanced or Photo print-quality mode

Note

Toner life expectancy will be reduced when the printer is first installed. Subsequent toner cartridges should achieve normal life expectancy.

| Item	Part Number
High-Capacity Toner Cartridges:	
Black	016-2008-00
Cyan	016-2005-00
Magenta	016-2006-00
Yellow	016-2007-00
Standard-Capacity Toner Cartridges:	
Black	016-2004-00
Cyan	016-2001-00
Magenta	016-2002-00
Yellow	016-2003-00

6200-32

Imaging Unit

Imaging unit life expectancy is up to 30,000 letter-size pages based on continuous printing. The following customer usage patterns may significantly reduce imaging unit life:

■ Printing jobs of less than 4 pages

■ Higher than 10 percent coverage per color (40% total coverage)

■ Using paper that is larger than letter-size

■ Using Enhanced or Photo print-quality mode

■ Automatic two-sided printing

■ Exposing the imaging unit to light for more than 10 minutes

| Item	Part Number
Imaging Unit	016-2012-00

6200-37

Fuser

Fuser life expectancy is up to 60,000 letter-size pages. The following customer usage patterns may significantly reduce the fuser life:

■ Printing large numbers of transparencies or specialty papers

■ Printing on certain unsupported papers, especially inkjet papers and inkjet transparencies

■ Not setting the paper type correctly on the front panel so that the fuser temperature is not set correctly

Item	Part Number
110 Volt	016-2014-00
220 Volt	016-2015-00

6200-20

Transfer Roller

Transfer roller life expectancy is up to 15,000 letter-size pages based on continuous printing. The following customer usage patterns may significantly reduce the transfer unit life:

■ Printing jobs of less than 4 pages

■ Excessive opening and closing of Door A

■ Turning the printer off and on

■ Printing on transparencies or specialty papers

■ Automatic two-sided printing

■ Printing with high toner coverage

Item	Part Number
Transfer Roller	016-2013-00

Customer-Replaceable Units (CRUs)

Universal Paper Tray

Item	Description	Part Number
Tray 1	■ 500 sheets of 75 g/m^2 (20 lb. bond) paper ■ 100 Phaser® 6200 Premium Transparency sheets (Tray 1 only)	116-1330-00
Trays 2-3	■ 500 sheets of 75 g/m^2 (20 lb. bond) paper	116-1330-00

Feed Roller Kit

Description	Part Number
■ Set of 2 feed rollers to replace the rollers in one tray ■ Life expectancy is up to 100,000 pages.	116-1331-00

Accessories

Internal Hard Drive

Description	Part Number
■ 10 Gbyte capacity ■ Adds more storage for downloaded fonts. ■ Provides support for collation, Secure Print, Saved Print, and Proof Print jobs. ■ Enables PDF printing.	6200HD

Additional Memory

Item	Part Number
■ 64 Mbytes	ZMD64
■ 128 Mbytes	ZMD128
■ 256 Mbytes	ZMD256

High-Capacity Feeder

Description	Part Number
■ 2 additional trays that can hold up to legal paper ■ Paper capacity is 1000 sheets of 75 g/m^2 (20 lb. bond) paper in two trays.	6200HCF

Printer Cart

Description	Part Number
■ Provides adjustable height for Phaser 6200B, Phaser 6200N, and Phaser 6200DP models. ■ Provides storage for supplies. ■ Enables easy access to rear cables.	ZCARTD/A

Upgrade Kits

Description	Part Number
Phaser 6200B to Phaser 6200N Upgrade Kit:	6200FN/A
■ Provides 10/100 Base-TX networking capability.	
■ Adds additional 64 Mbyptes of memory.	
■ Enables Enhanced print-quality mode (2400 x 600 dpi resolution).	
Phaser 6200N to Phaser 6200DP Upgrade Kit:	6200FP/A
■ Provides automatic duplexing (2-sided printing).	
■ Enables Enhanced print-quality mode (2400 x 600 dpi resolution).	
■ Enables Photo print-quality mode (1200 x 1200 dpi resolution).	

Paper and Media

Phaser Professional Printing Paper

Item	Size	Description	Part Number
Phaser Premium Color Printing Paper	A/Letter (U.S.) 8.5 x 11 in.	500 sheets	016-1368-00
