Do More for Less

- **More efficient input.** A Duplex Automatic Document Feeder (DADF) comes standard with the WorkCentre 3325, making faster work of two-sided scan, copy and fax jobs.

- **Standard duplexing.** Highly efficient, no-hassle two-sided printing can cut your paper consumption and cost in half. And it's included with the Phaser 3320 and WorkCentre 3315/3325, not an expensive add-on.

Engineered to Perform, Built to Last

- **Outstanding performance.** A fast print speed of up to 35 ppm and a first-page-out time as fast as 6.5 seconds mean your documents are always ready when you need them.

- **Print more for longer.** An optional second paper tray lets you load an extra 520 sheets at one time for extended interruption-free printing.

- **See the difference.** Your documents show exceptional sharpness with up to 1200 x 1200 image quality.

- **Reliable endurance.** A monthly duty cycle of up to 80,000 prints for the Phaser 3320 and WorkCentre 3325 (up to 50,000 prints for the WorkCentre 3315) means heavy-duty production. A standard one-year depot warranty gives you added peace of mind.

- **Multifunction productivity.** The space saving WorkCentre 3315/3325 Multifunction Printer helps you conserve energy and reduce supplies costs by combining the functions of a copier, printer, colour scanner and fax into one affordable device.

- **Stay secure.** Keep your sensitive documents away from unintended recipients with the latest security features, including IPsec, SNMPv3, IP filtering and secure print.

- **Productivity where you need it.** All three devices feature a small footprint, which allows for easy integration within your work space, whether on your desk or in a shared location.

- **Economical efficiency.** Available high-capacity print cartridges reduce your total cost of ownership and demand less frequent replacement.
