Xerox® Mobile Solutions	
Xerox® PrintBack	PrintBack takes the capabilities of the printer you already use, and extends them beyond your computer and out to your Apple® iOS- or Android™-based mobile device. When you're working off-site or away from your desk and receive an important document via your mobile device, simply use PrintBack to print it with your default printer back at your office or desk. Plus, it supports the most common office file types (Microsoft® Office documents, PDF, etc.) with uncompromised print quality.
Xerox® Mobile Express Driver®	The Xerox® Mobile Express Driver is a single, universal printer driver that can be downloaded to a PC and used to print to virtually any PostScript device on the network, including printers made by other manufacturers. Instead of downloading individual printer drivers for each product in each office, users can download the single, simple, Mobile Express Driver.
Apple® AirPrint	Print email, photos and important office documents directly from an Apple iPhone® or iPad® with no drivers to install and no cables to connect. With AirPrint, an iPhone or iPad automatically locates and connects to the AirPrint-enabled device over the office Wi-Fi network.

¹ Paper capacities are based on 75 gsm stock. Capacities will vary with different weight stocks.

² Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis.

³ Range reflects the number of pages per month the product can regularly print while maintaining optimal performance (considering factors including supplies replenishment and reliability over the expected product life).

⁴ Phaser 4622V_ADN is the Blue Angel compliant configuration at 52 ppm.

⁵ Average standard pages. Declared Yield in accordance with ISO/IEC 19752. Yield will vary based on image, area coverage and print mode.

⁶ Approximate pages. Declared Yield based on A4 (75 gsm) pages. Yield will vary based on media type, size, weight, orientation, and usage patterns.
