Xerox® EX-c C8100
Print Server Powered by Fiery®

PRINT MORE DOCUMENTS, FASTER

Increase employee productivity by reducing time spent waiting for files to process and print. Fiery SmartRIP processes large and graphicrich files such as Microsoft® PowerPoint® or Adobe® PDF to deliver finished prints fast. When many files are queued at the MFP, Fiery technology processes one file while printing another to minimize wait time. Built-in support of Adobe PDF and PostScript printing standards enables the highest levels of file compatibility and assures accurate printing of all files.

ACCURATE, CONSISTENT COLOR

Ideal for any business that needs to print high-quality color documents simply and quickly, the EX-c C8100 Print Server includes easy-to-use color management tools that deliver unmatched color quality from all applications and file formats.

- Print logo and corporate colors correctly

- Ensure color consistency throughout a document

- Produce high-quality photos with accurate colors, including flesh tones

- Add optional, integrated tools for color calibration, profiling, custom PANTONE color creation, and other advanced color requirements

CREATE PROFESSIONAL, FINISHED MATERIALS QUICKLY AND EASILY

- Create personalized documents quickly and simply using the free Fiery™ FreeForm Create application

- Easily produce jobs with mixed paper sizes and types, chapters or booklet finishing

INTEGRATE WITH STANDARD WORKFLOWS

- Integrates with many Xerox® App Gallery® Apps to increase user productivity by simplifying and shortening everyday tasks

- Compatible with applications from vendors such as Kofax, YSoft, Cirrato, and PaperCut

REDUCE COSTS

IT administrators can create Fiery Virtual Printers (optional) or customized printer drivers with appropriate print options for different groups of users. This enables users to print correctly, eliminating waste, with a simple File>Print operation.

Make your Xerox® AltaLink® C8100 Series Color Multifunction Printer even more productive by adding the Xerox® EX-c C8100 Print Server. Easily produce professional, finished documents with accurate color without expert knowledge.

Xerox® EX-c C8100 Print Server

Specifications

FIERY DRIVEN™ ENGINES

- Xerox® AltaLink® C8130/C8135/C8145/C8155/C8170 Color Multifunction Printers
- Supports all engine finishing devices

HARDWARE AND PLATFORM

- AMD® GX-424CC processor, 2.4 GHz, Quad-Core, 2M cache
- 2 GB RAM
- 500 GB HDD
- Fiery® FS350 software
- Linux® Operating System
- USB Media Server
- Fiery Installer Builder

FILE FORMAT SUPPORT

- Adobe® PostScript® Levels 1, 2, 3
- Adobe PDF
- TIFF
- EPS
- Fiery FreeForm™
- Microsoft® Office document formats: docx, xlsx, pptx, pub (via the Fiery Driver or optional Fiery Hot Folders)
- Print from the Fiery Driver directly from Adobe applications such as InDesign®, Photoshop® and Illustrator®

FIERY SOFTWARE

- Fiery drivers for Mac® and Windows®
  - Section 508 Usability
  - WHQL certification, Package Aware (Windows)
  - Customize drivers for cost control
- Fiery Command WorkStation®
- Fiery WebTools™
- Backup and Restore

FIERY COLOR AND IMAGING TECHNOLOGY

- ICC-based Fiery color management
- Calibration
  - Fiery Calibrator
  - ColorCal (standard, off the glass)
  - EFI ES-2000 spectrophotometer (optional)
- PANTONE Color Enabled

- Fiery Spot-On™ (optional)
  - Create custom spot colors
- Fiery ImageViewer Curve Presets
- Expert Color Settings
- RGB Source Profile
- RGB Rendering Style
- CMYK Simulation Profile
- Output Profile
- Image Settings
- Brightness
- Image Smoothing

DOCUMENT MANAGEMENT

- Fiery VUE
- Standard support for long sheet banners
- Fiery SmartRIP
- Spool-RIP-Print Simultaneously
- RIP while Print
- Fiery Hot Folders/Virtual Printers (optional)
- Booklet printing
- Automatic two-sided printing
- Cover selection
- N-up
- Watermarks
- Personalized communication with Fiery FreeForm Create
- Scale to Fit Printing
- Paper Catalog
- Mixed media printing

NETWORKING/CONNECTIVITY

- TCP/IP
- Bonjour support
- SNMP
- Port 9100
- IPP
- SMB
- WSD
- Point and print
- Print via email
- IPv6 support
- LDAP Authentication
- Single and Dual TCP/IP connectivity for integration with Xerox Extensible Interface Platform® (EIP)

SECURITY

- Secure erase
- Encryption of critical information
- Access controls
- Port blocking
- IP Filtering
- IPsec network encryption
- Secure connections using HTTPs
- Secure Printing
- Closed architecture prevents installation of unauthorized programs that could potentially expose the system to vulnerabilities
- Digitally signed software updates
- PostScript security

EMC

- FCC (Canada and US)
- C-TICK (Australia and New Zealand)
- CE Mark (EU)

SAFETY

- CB Scheme
- TÜV/CU Mark (Canada and US)
- TÜV/T-Mark (EU)
- CE Mark (EU)

FIERY OPTIONS

- Fiery Options Bundle, includes:
  - Fiery Spot-On
  - Auto Trapping
  - Hot Folders/Virtual Printers
- Fiery Hub Kit (Enables Dual IP configurations)
- Fiery Color Profiler Suite with EFI ES-2000 spectrophotometer
- Fiery Hot Folders & Virtual Printers
- Fiery Spot-On

WORKFLOW INTEGRATION

- Xerox® Standard Accounting
- Fiery API
- Compatible print management applications include Xerox Workplace Suite, PaperCut MF/NG, Kofax Equitrac Office/Express, YSoft SafeQ, Cirrato One, and more
  - For a complete list of integrations, please visit: fiery.efi.com/xerox-apps
