

You don't need to call IT to print and scan like a pro.

Connect, create and take total control right from your computer.

Let's face it – the typical printing and scanning experience isn't as effortless as it should be, so we've fixed it for you. The Xerox® Print and Scan Experience App simplifies everything from getting connected to taking advantage of the most advanced features.

Install and manage your Xerox® Devices with unique productivity tools to help you work more efficiently. Plus, updates happen seamlessly, so you always have the latest version.

Large, colourful, intuitive icons on the app dashboard simplify every action and option. Everything from creating a job to adjusting brightness to managing device settings is done directly through our welcoming interface.

Additionally, you'll be guided through your tasks with helpful tips and prompts that never leave you guessing or searching.

PRINTER DISCOVERY AND DRIVER INSTALLATION MADE EASY

The Print and Scan Experience App auto-discovers your Xerox® Printers and installs suitable print and scan drivers.

Easily access installed options like finishers for stapling, hole punching, etc.

Live media and toner levels ensure that devices are always ready to use.

Pop-up messages alert users when their print is ready to pick up.

Do More Automatically

Our app is pretty smart, so your scans can be automatically cropped, straightened and rotated, and blank pages can be automatically removed – saving a ton of time by fixing things yourself.

Auto Crop
Crops multiple original documents, such as receipts, into individual images.

Auto Straighten
Automatically attempts to correct any slight alignment issues with scanned images.

Auto Remove
Removes any blank pages within your scanned document.

WORK SMARTER

- **Works for all:** Our app makes it easy for everyone to get the most from their device with minimal technical expertise – perfect for home workers or worldwide office fleets.
- **Searchable scans:** You can now make your scans searchable with OCR capabilities to create searchable PDFs, making it even easier to make unstructured hard copy usable.

- **Shrink file sizes:** Perfect for files that need to be emailed.
- **Docs do more:** Add even more features with the optional Xerox® Workflow Central Platform. Create audio docs, translate languages, redact private information, convert to other formats and change handwritten messages into text.

WORK SIMPLER

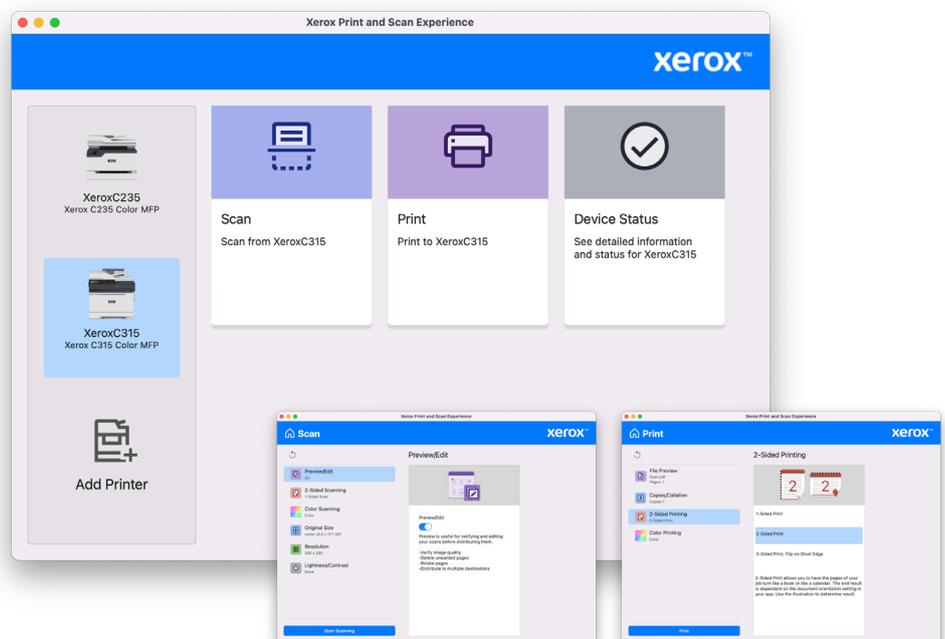

- **One-touch setting:** Enable common or complex workflows with a single button.
- **Direct PDF printing:** No longer any need to open PDFs to print, simply right-click to print.
- **Tuned to perfection:** Adjust brightness, contrast or apply colour filters to fine-tune images.

XEROX® PRINT AND SCAN EXPERIENCE APP FOR YOUR MAC

A simplified version that brings the essential features and familiar user interface to your macOS devices.

- Scan, print and manage printers
- Preview and adjust print jobs
- Set properties and submit for printing

Now available in the **Apple App Store**.
