

The Xerox® Small Office Savings Plan

Free color printer. Free service. It's time to advance your office.

Staying up with technology can be hard on a small business budget. When the need for a new printer arises, you must balance the business benefits with the costs. With the Xerox® Small Office Savings Plan, you can get a new Xerox printer completely free when you sign up for a technology-as-a-service plan. Now that's smart business.

Pay Only for What You Do

The Xerox® Small Office Savings Plan gives you easy access to the latest technology by letting you pay only for what really matters—the work you do. This can come in the form of replacement supplies or the ability to scan, copy, fax, print from mobile devices and more. You choose what you need to do and pay for just that, not for printer hardware.

How It Works

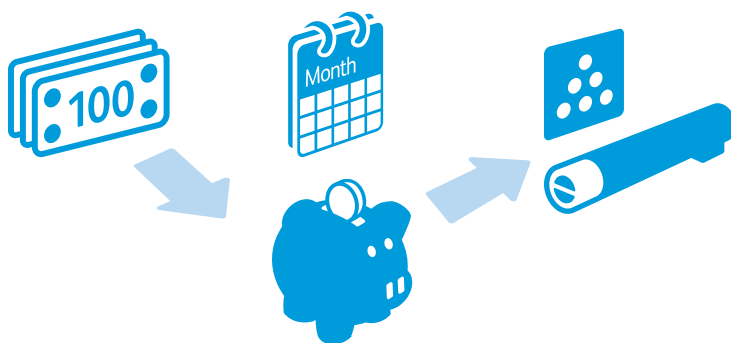

The Xerox® Small Office Savings Plan is not a lease. You select a Xerox printer—for which you pay nothing—that meets your unique business needs and puts the best of today's technology at your fingertips. With your free printer also comes free service* and support from Xerox.

In exchange, you sign up for a technology-as-a-service plan in which you deposit a set amount into your Xerox account every month.

The money in your account pays for your supplies and any advanced features or software if selected. Amounts vary by model and plan but start as low as \$ 59 per month.

At the end of your plan, you can keep your printer with no additional cost or return it to Xerox. And, you can opt-out of the plan at any time.

It's that easy.

The Xerox® Small Office Savings Plan

Supplies Replenishment Made Easy

Replacing toner or ink is something you need to do with any printer. Unfortunately this need often arises at inopportune times. Now Xerox gives you a way to predict your monthly cash flow and avoid ad hoc supplies expenditures.

Free Service When You Need It

Even with the renowned reliability of Xerox technology, you may have questions or experience a problem. When that happens, you can rely on the free service and support that comes with your plan to keep your office and up running.

What do you need?

There are four color products in the Xerox® Small Office Savings Plan. This lets you pick the one that is best for your office.

Standard Laser Printing
