

## What items can be recycled?

View our Product Selector of single return items for which we fund shipping via our Single Item Returns Programme. For these items, pre-paid recycling labels can be downloaded at [www.xerox.com/gwa](http://www.xerox.com/gwa).

## Item not in the Product Selector?

For the supplies, which are not mentioned in the Product Selector at [www.xerox.com/gwa](http://www.xerox.com/gwa), Xerox encourages our customers to recycle locally. Local recycling reduces fuel consumption and the emission of greenhouse gasses associated with transportation.

## How do I recycle locally?

Many of the Xerox supplies are marked with the 'crossed-out wheellie bin' symbol. In accordance with European legislation, end of life electrical and electronic equipment subject to disposal, must be segregated from normal household or business waste stream. Private  households within EU member states may return used electrical and electronic equipment to designated collection facilities free of charge. If you are a business customer and have further questions, please contact your local Xerox Service team for advice.

Other Xerox supplies not marked with the crossed-out wheellie bin symbol can be recycled or disposed of via the appropriate waste stream in accordance with local regulations.
