MONITOR PRICING AS DESIRED

Xerox® Instant Print Kiosk offers broad capabilities including print, copy, scan, email, fax, and simple cloud workflows. Users can pay at the device by simply inserting a payment card. Campus has complete control over pricing levels based on their own profitability goals and student needs.

NO LOCAL SUPPORT REQUIRED

Xerox® Instant Print Kiosk is a completely self-contained, secure, and self-service kiosk. Users only require local support to refill paper and toners.

FULL SUPPORT FOR EXISTING PAYMENT METHODS

Xerox® Instant Print Kiosk is fully compatible with existing campus payment infrastructures such as CBord™, Blackboard™, credit/debit cards, and gift cards. Students are free to use their campus cards on document services.

ACCESS ANYWHERE ON THE CAMPUS

Xerox® Instant Print Kiosk can be made available to all campus users (students, staff, and visitors) and located anywhere with network access. Visitors can use their credit/debit cards or mobile payments and do not need to register on the campus systems.

Xerox® Instant Print Kiosk uses existing campus payment infrastructure reducing the need to add additional payment systems. Other solutions offer their own payment systems, adding complexity to the campus systems.

CONSIDERATIONS

- How are students serviced today for printing/copying/scanning/faxing?
- How are staff document services provided? Xerox® Instant Print Kiosk allows staff to utilize the document services and bypass the payment systems.
- Support for CBord™ and Blackboard™ campus payment systems, along with GiftX and mobile payments.
- Campus visitors can easily access document services.
- Sites with existing Print Solutions are often restricted to registered users. Visitors to the campus can use Xerox® Instant Print Kiosk without registration.
- Xerox® Instant Print Kiosk integrates with existing campus payment infrastructure and brings more payment opportunities.
