

# Xerox® PagePack®

## A cost-per-page you can count on.

### In today's economy, everyone is looking for ways to cut costs.

For most companies the ongoing cost of office printing – cost-per-print, routine maintenance and service – is an unexplored opportunity for significant, cumulative savings. PagePack will improve productivity and your company's printing costs.

#### Reduce your printing costs

With PagePack you can reduce your print and copy expenses easily by 30% if compared with purchasing the consumables and service when needed.

Ask your reseller for a SAVE estimation (available online for A4 products).

#### PagePack opportunities:

- Cut costs on printing consumables, service and your cost-per-page.
- Reduce waste by only ordering the supplies you need with no “leftovers.”
- Increase productivity by automating meter reads, no need to submit reads manually, not even when placing a consumable order.
- Free up your IT resources for more business critical tasks rather than supporting output devices.
- Control and forecast budgets accurately by setting your printing and supply costs up-front.
- Get the best output of your Xerox device with original supplies and parts.
- Access online support 24/7 or speak to our experienced multilingual support team on the phone for rapid problem-solving.
- Get speed of resolution as over 45% of our customers' issues are resolved online or by phone. So in almost half of cases, your product will be back up and running in no time.
- Our Xerox trained engineers will be on-site with hands-on technical support by the next business day or even sooner in most regions. All spare parts, labour and travelling expenses are included.

# Xerox PagePack

## How does PagePack improve your print environment?

**A fixed cost-per-page.** In an unmanaged environment, every document printed uses a variable amount of ink or toner. You pay a different price for every print and the costs are unknown. Service calls are unpredictable and so are the charges. With PagePack all your variable expenses are consolidated. You pay a fixed cost-per-page that reduces overall expenditures.

**Increase productivity.** PagePack also saves on hidden costs, such as staff resources and prevents shortages of consumables, by simplifying ordering and vendor management. With PagePack there's no need to keep an inventory of consumables on hand. You can order them online 24/7.

**Free Remote Services.** With PagePack Remote Services Platform you get real-time visibility of your Xerox networked devices; MeterAssistant® automates the process of collecting and submitting meter reads for accurate billing, so you pay for what you actually use.

| Without PagePack  | The PagePack Advantage                                      |
|---|---|
| High Print coverage on documents can be costly as they require more consumables | A fixed cost-per-page regardless of what is printed         |
| Unknown and uncontrolled print costs  | Predictable costs based on an agreed price                  |
| Consumables and service costs are unpredictable                                 | An all inclusive contract: consumables and service          |
| Too many consumables using up storage space or not available when you need them | Consumables ordering online 24/7 and delivered at your door |
| Separate process for purchasing equipment, service and consumables              | Just one PagePack contract: your preferred Xerox Reseller   |
