DRIVER COMPARISON	TRADITIONAL XEROX® DRIVER (PRODUCT SPECIFIC)	XEROX® GLOBAL PRINT DRIVER®	XEROX® PULL PRINT DRIVER
Top Benefits	<ol style="list-style-type: none"> 1. Award winning, bidirectional capability for true two-way communications. True two-way job status, completion. Includes consumables, toner, paper and more. 2. Benchmark and award winning ease-of-use. 3. Environmental friendly and cost savings user modes. 4. Set default attributes for all user's applications (e.g. set emails to all send as monochrome and two-sided). 5. Fully featured, mixed media and all finishing. 6. Tuned to optimal performance and quality for each Xerox® device. 7. Integrated color and control features such as "Color By Words" and User Permissions (e.g., set color capable only during business hours). 	<ol style="list-style-type: none"> 1. Allows administrators and IT managers to qualify, deploy and manage all print devices on the network using a single driver. 2. Greatly simplifies replacing or updating network print devices. Xerox® Global Print Driver automatically discovers the device and updates users' feature options. No requalification or reinstallation necessary. 3. Fast and easy installation of new devices improves IT efficiency. 4. Truly universal: supports Xerox® and non-Xerox® printers and MFPs, PCL and PostScript. 5. Quick installation: users can immediately use the driver without requiring IT assistance. 6. User interface shows most-used features on the first tab, so users can easily find and select printer options. 7. Easy to use across an enterprise. 	<ol style="list-style-type: none"> 1. Location no longer matters. Send to your single virtual queue workflow. Supports popular "Pull Print" workflows with a single printer driver and single queue workflow. 2. Integrate your current print management solution, such as Xerox® Print Management and Mobility Suite, Equitrac Office®, Ysoft® SafeQ®. 3. Works with current compatible Xerox® printers and MFPs and all Xerox® ConnectKey® Technology-enabled products. 4. Convenience: End-users can send and later decide where to print 5. Provides a consistent, simple interface for all printers. 6. Security leverages current investments in authentication or login. 7. Cost Control: leverages investments in Xerox and 3rd Party accounting, monitoring and additional cost controls.
