Print Audit 6 for Law

Recover thousands of dollars every month by accurately charging your clients for printing related expenses.

- Turn your print cost center into a revenue center.
- Automate your customer billing process.

PRINT AUDIT 6 FOR LAW

For many of today's law firms, printing remains an unnecessary cost center. Law firms that are automatically tracking and billing for all of their document creation expenses are saving countless hours of time, and recapturing thousands of dollars per month in printing and photocopying costs.

AUTOMATE EVERY STEP OF YOUR CHARGEBACK PROCESS:

✓ Allows you to track and assign a client or matter number to every document produced in your environment.

✓ Pays for itself in as little as 6 weeks.

✓ Simplifies your client billing procedures.

✓ Installs in a matter of minutes.

✓ Tracks copying, scanning and faxing with Print Audit's optional Copy Audit solution.

✓ Includes free, unlimited technical support.

Print Audit is the easiest and most accurate print management solution in the world, with:

- 100's of law firm clients.
- 200+ customer testimonials.
- $150 million in recovered costs worldwide since 1999.

Integrates with all popular legal accounting systems, including:

PCLaw	Juris
ESILAW	TABS III
AbacusLaw	Timeslips

"We are delighted. The system was easy to install, immediately accepted by the users, and with some assistance from your support staff I was able to set up a daily upload/download procedure between Print Audit and our law office accounting system, PCLaw."

Thomas C.H. Baldwin, Owner - Baldwin Anka Sennecke Halman LLP

"I was initially skeptical about the cost recovery claims but my own data shows the system paid for itself easily in a month. It is without reservation that I personally recommend this product and this company."

Thomas Spraggs, Owner - Spraggs & Company Law Corp.
