**Alert Notification Value**

An Intelligent, enterprise network fax contributes to automated processes, increased productivity, and improved communications.

End-to-end communications solution that ensures information gets to the people who need it... at the right time, in the right place, and in the right format.

Cleo’s Streem Alert® automatically broadcasts voice, text, digital images, hard copy, or electronic messages, quickly and effectively, to telephones, cell phones, PDAs, pagers, email, and fax machines. Providing information where, when, and how it is needed enables proactive—rather than reactive—message delivery and response procedures that invariably lead to measurable, repeatable benefits.

Streem solutions are:

- **Turnkey**: A ‘total’ solution - Configured, installed, and supported by Streem
- **Compatible**: Utilize existing Telco and IT resources
- **Capable**: Systems sized based on customer volume requirements.
- **Scalable**: Configured by the number of ports used allowing for unlimited users.
- **Prepared**: Dedicated Customer Solution Specialist works closely to provide training and transition additional workflows for internal applications.

Streem solutions include:

- **Complete Alert Notification** capabilities
- **Flexible** broadcast launch via web, telephone, or Xerox Multifunction Printer (MFP)
- **Custom** message creation and pre-configured templates
- **Quality** text-to-speech conversion (TTS), including variable volume and speed transmission options
- **Immediate** message delivery to multiple recipients via multiple methods
- **Centralized** list management to organize and manage recipient data, including online contact information updates for parents, students, alumni, and others
- **Efficient** import and delivery of high volume lists through port allocation
- **Automatic** recipient acknowledgement and user confirmation
- **Smart** detection of human answer vs. answering machines and voicemail
- **Comprehensive** reporting and audit trail
- **Secure** user and list authentication for regulatory compliance
