Xerox® ConnectKey® Technology

Evaluator Guide

WORK CAN WORK BETTER™

xerox

Table of Contents

This Evaluator Guide introduces you to Xerox® ConnectKey® Technology and explains its key features and performance advantages.

Introducing Xerox® ConnectKey® Technology

Overview

The ConnectKey Technology ecosystem is a combination of hardware and a common set of software, solutions and apps developed by Xerox and by our partners to improve the way you work.

Solving Today's Complexities

Documents are the currency of business. They are at the heart of your critical workflows and drive almost every aspect of your business. When a group of IT managers, business managers and mobile workers was asked, 70 % said optimizing document flow would help them respond to market needs more quickly and 62 % said it would improve overall revenue*. Why? Because improved employee productivity has strategic revenue-generating consequences. More-productive employees spend more time on innovation, customer service, winning new business, and making your business more competitive.

View our ConnectKey Technology: Simplicity Redefined Video

Imagine an office environment where all print devices have the same core features and functionality, dramatically increasing adoption and providing a simplified user training experience with fewer mistakes and faster proficiency. The common architecture behind ConnectKey Technology features industry-leading security, highlighted by our groundbreaking partnerships with Intel Security and Cisco® to provide additional layers of security software and greater visibility to IT.

ConnectKey Technology-enabled solutions reduce waste and paper consumption, and give you time back in your day to do your job more effectively. Plus, compatibility with energy management solutions like Cisco EnergyWise and a mix of innovative features enable reduced power consumption so you can achieve your sustainability promises.

We've rounded out this amazing ecosystem by empowering today's mobile workforce to conduct business in ways that work for them. With scalable, cloud-ready mobile solutions and embedded apps that help with mobile printing and QR code pairing, we empower you and your entire organization to work better.

For more information, visit **www.connectkey.com**.

* "The Future of Documents: How They Drive Business, Today and Tomorrow." IDC global research study, sponsored by Xerox, January 2012.

Convenience

Your office is wherever you are. Work where you want and when you want without missing a beat. Xerox® devices built on Xerox® ConnectKey® Technology are accessible, easy to use and convenient, enabling you to work faster. Stay seamlessly connected to the tools that help you do business—no matter where you are.

Ease of Use

When looking at multifunction printers, look for fully integrated functions that work together to create more value than the sum of their parts. The functions should be easy to learn with a clear and consistent user interface. Also look for additional software that allows you to take full advantage of digital documents, while also considering network features that give users full access to your network.

ConnectKey Technology-enabled multifunction printers have been designed with the following features to ensure they're easy for you and your team to use.

User Interface

- **Consistent operation across products.** A common look and feel across all ConnectKey Technology-enabled devices makes it easy and intuitive for users to go from one Xerox® product to another without additional training.

### Scanning Tools for Convenience

- **Converted paper documents.** Scan documents to create text-searchable PDFs and single and multipage PDFs for easy archiving, organizing and searching.

- **Single Touch Scanning.** Use the Single Touch Scan feature to create a dedicated, easy-to-locate scan button directly on the color touchscreen interface. Assign the Single Touch Scan button its own scanning workflow for fast document distribution and archiving.

- **On-box Optical Character Recognition, searchable PDF.** Easily convert hard-copy documents into a searchable PDF format for faster retrieval.

Copying and Printing

- **Advanced copy and print features.** These devices greatly simplify everyday office tasks, providing plenty of support for specialized print applications including Annotation, Bates Stamping and ID Card Copy.

Easy Administration

- **Network management.** ConnectKey Technology integrates seamlessly with virtually any network environment, simplifying work for the network administrator. Network configuration is easy with Xerox® CentreWare® install wizards, eliminating the need for IT staff to reset parameters, connect users or manage job queues device by device. Onboard SNMP support lets customers integrate with other network frameworks.

- **Queue management.** Control workflow, route jobs and manage print destinations across an entire enterprise by consolidating print from data centers, departments and desktops to a single point and distributing the output to production, workgroup, desktop printers and other destinations.

Extend Your Possibilities

Whether scanning and managing documents on your office network or a hosted cloud on the Internet, you can access scan workflow solutions right from any ConnectKey Technology-enabled device thanks to the power of Xerox® Workflow Solutions, built on our Xerox Extensible Interface Platform®. This is just one of the many examples of Xerox® Workflow Solutions*:

- **Xerox® ConnectKey® for DocuShare®.** Scan files directly into Xerox® DocuShare® folders. Plus, you'll go beyond basic file storage and PDF creation by automatically converting documents to intelligent, structured data with easy file naming and routing tools.

* Optional solutions may vary by geography.

Convenience

(continued)

Mobility

As the number of mobile workers increases, so does the need for multifunction printers that keep up with the demand.

Xerox® multifunction printers enabled with Xerox® ConnectKey® Technology allow mobile professionals to stay connected to the all the tools they need, allowing more flexibility regardless of location.

Here are the ways ConnectKey Technology-enabled devices can improve the mobile printing experience.

**Standard Mobility Solutions
(Available for free download)**

- **Apple® AirPrint®.** Print email, photos and important office documents directly from your Apple iPhone® or iPad® with no drivers to install and no cables to connect. With AirPrint, your iPhone or iPad automatically locates and connects to the AirPrint-enabled device over your office Wi-Fi network. For secure and controllable printing, Apple® AirPrint version 1.4 offers accounting support, as well as IPP attributes, which enable more finishing options.

- **Xerox® Print Service Plug-in for Android™.** The Xerox® Print Service Plug-in for Android KitKat (4.4 or greater) devices streamlines mobile printing without third-party apps or additional print drivers. You can easily print photos, Web pages and documents when your mobile device is connected to ConnectKey Technology-enabled multifunction printers using a wireless network. A robust print option set includes two-sided printing, stapling and secure code release. A free download is available from the Google Play™ store.

- **Mopria® Print Service.** We are a founding member of Mobile Print Alliance (Mopria) whose charter is to create simple wireless printing from smartphones, tablets and other mobile devices. Mopria printing does not require any driver installation or software download on these devices. Mobile device users with access to Mopria

will be able to discover and print to Mopria-certified ConnectKey Technology-enabled multifunction printers. Mopria works on any Android phone or tablet (Android version 4.4 or later).

- **Xerox® Mobile Link App.** This app allows you to scan, email and fax from your phone or tablet by connecting with our multifunction printers and send data to and print data from cloud storage. It's easy to create Mobile Link One-Touch Workflows between a mobile device and a multifunction printer. Using a manual address or QR code identification for pairing, automatic device discovery makes it easy to find and pair a mobile device with a nearby Xerox® multifunction printer. This free app is available for download from the Google Play store for Android devices, as well as Apple® App Store for Apple® iOS® devices.

Advanced Mobility Solutions

- **Xerox® Mobile Print.** We offer many options that enable secure, accurate printing from most mobile devices to any printer or multifunction printer, regardless of brand, making it easy to print Microsoft® PowerPoint®, Word® and other standard files from wireless and mobile devices. Our IT-friendly optional capabilities include PIN code access and multiple mobile operating systems. Whether offsite or onsite, learn why we are the only choice for today's mobile professionals by visiting **www.xerox.com/mobile**.

  – Choose Xerox® Mobile Print Solution with an onsite server for your internal network, or behind your network's firewall, for added control and higher volume use.

  – Choose Xerox® Mobile Print Cloud to easily manage local and remote locations, and control visitors' printing access. Mobile Printing through the cloud is offered as a free service or a more advanced for-fee solution. The Basic version offers a ConnectKey App resident on the user panel and enables simple email to the cloud to pull print

jobs to the multifunction printer. The Enhanced version offers the app with a Mobile Print Cloud license, providing convenient authentication that locks and unlocks a device, via a mobile app, without authentication cards.

Wi-Fi Direct Certification

This ensures that you can print from your mobile device without having to connect to a network. Adding the optional wireless USB adapter enables this connection and allows for both an Ethernet connection and Wi-Fi Direct connection to be enabled at the same time.

View a demo of Xerox® Mobile Print Solution

Productivity

Be ready to respond. An opportunity can present itself when least expected and you need to have the technology and solutions at hand to react quickly. Xerox gives you the tools to streamline workflows, create new efficiencies and take the productivity of your team to a higher level.
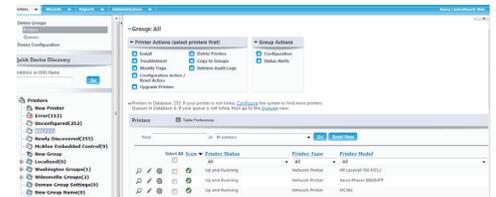

Management, Deployment and Installation

Installing and deploying a fleet of multifunction printers throughout your organization is a potentially time-consuming, complicated task. The process isn't limited to physically placing the units in their new environments. It includes integrating the devices with your existing network infrastructure. Also, consider the process required to deploy printing and scanning services to your users and how automated that process can be.

Xerox® ConnectKey® Technology-enabled multifunction printers are equipped with the features needed to ensure a smooth transition process for you and your staff.

- **Installation.** When you choose Xerox, you can rest assured that your equipment will be delivered and installed according to your specifications and expectations. All network-enabled configurations include an embedded 10/100/1000Base-T Ethernet connection with innovative features like automatic IP addressing, device naming, and Ethernet speed sensing to provide simple and automatic installation on networks. These features make the ConnectKey Technology-enabled devices quick and easy to get up and running. Management and system setup can be accomplished through a variety of means, including the easy, wizard-based process found within Xerox® CentreWare® Web. Additionally, these devices can integrate with third-party management applications like Unicentre® TNG, IBM® Tivoli® NetView®, Microsoft® Management Console and HP® WebJetAdmin®.

- **LDAP Mapping.** LDAP servers display different results depending on how they implement mappings. You can complete simple email address searches with LDAP and quickly scan to email jobs. Our full integration is the differentiator. Our LDAP Mapping integrates with Phone book, user permissions and scan to home.

- **Deployment.** Print and scan drivers can be deployed centrally, eliminating the need for IT staff to perform desk-to-desk manual installation of the driver software. In many cases, existing Xerox® drivers on your network can work with your new hardware, potentially saving the step of updating your driver software. Wizards provided within CentreWare Web aid in installing, troubleshooting and upgrading your driver software, freeing up your IT staff for more pressing projects. The Xerox® Global Print Driver® supports Xerox® and non-Xerox® devices on the network, eliminating the need for other print drivers and saving hours of downtime.

- **Configure once, apply fleet wide.** Xerox® multifunction device configurations can be cloned and distributed to all similar multifunction devices on your network, eliminating the need to configure and manage each device individually. Cloning can be completed using a USB drive, Xerox® CentreWare® Internet Services and MPS Tools.

Xerox® CentreWare® Web Software

This free, device-management solution for IT makes it easy to install, configure, manage, monitor and pull reports from networked and multifunction printers throughout an enterprise, regardless of the manufacturer.

Productivity

(continued)

Device Experience

When evaluating multifunction printers, it's important to consider how your staff will interact with the device. When users are standing at a multifunction printer, they want the interaction to be simple with little or no training, while also having access to additional time-saving features.

Xerox® ConnectKey® Technology-enabled multifunction printers were designed for an optimal user experience in the following ways.

- **Front panel user interface.** It doesn't matter if a job is simple or complex. The color touchscreen interface is easy to learn and offers quick job programming. It features bright, intuitive icons and easy access to all major functions directly from the home screen.

- **Unified Address Book.** ConnectKey Technology enables features like the enhanced address book with favorites, which lets you seamlessly import your existing contacts and roll them out to multiple ConnectKey Technology-enabled devices.

- **Print around with print on alternate paper.** The Print Around feature is an automatically enabled feature that eliminates print bottlenecks and directs print job flow. If a job that needs resources, (such as mismatched media type, color or size), other print jobs will go around the held job. This keeps jobs moving when there is an issue with one print job. The Print on Alternate Paper feature allows you to select any available media from any tray displayed on the UI to print a job instead of adding the requested media. If a different media size is selected from what was originally submitted, the image will be scaled to fit with no image loss.

- **True multitasking.** The device can copy, print, fax and scan at the same time. There is no wasted time for walk-up users at the device. All jobs are held in the same queue.

Driver Experience

The user interaction with printer drivers is also important to consider. Drivers need to be intuitive and provide all the necessary options and tools for printing and faxing, whether onsite or mobile.

- **Bidirectional print drivers.** These devices include the common CentreWare print drivers, which feature clear, graphical user interfaces that provide for easy, intuitive interaction with the multifunction printer. The drivers provide immediate desktop access to all Xerox® MFP output functions as well as bidirectional information, indicating device and job status, currently loaded paper sizes and types, and installed options, eliminating the need to consult other software for information. Easy-to-understand icons access the most commonly used functions, such as paper selection and document finishing. With the Saved Settings feature, frequently used print job parameters can be stored for reuse.

- **LAN Fax.** The LAN Fax feature is used to send faxes directly from your PC without printing the document or going to your Xerox® multifunction printer. Through the driver for the multifunction printer, you can send a document via fax to other fax machines. Requires Walk-up Fax to be installed.

- **Xerox® Global Print Driver®.** This truly universal print driver lets IT administrators install, upgrade and manage Xerox® and non-Xerox® devices from a single driver. It provides a consistent, easy-to-use interface for end-users, reducing the number of support calls and simplifying print services management.

- **Xerox® Mobile Express Driver®.** This feature makes it easy for mobile users to find, use and manage Xerox® and non-Xerox® devices in every new location. Plug into a new network, and Xerox® Mobile Express Driver automatically discovers available printers and provides status and capability information. Save a list of "favorite" printers for each location, store application print settings for use on any printer in any network and greatly reduce mobile support calls to IT.

Xerox® Adaptable Accessibility Solution*

This assistive, Section 508-compliant technology provides an alternative to the existing user interface on the multifunction printer, enabling wheelchair users and those who are blind or visually impaired to easily release their Secure Print jobs. These are jobs submitted with a PIN, that are held at the printer.

Users can also easily program jobs for email, scanning and faxing. The Android™ tablet is attached to a rotatable bracket, giving wheelchair users easy, viewable accessibility. For the blind and visually impaired, a talkback feature is included, as well as increased magnification of the UI. In addition, the USB keyboard (included in the kit) is integrated with Common Access Card (CAC) solutions.

* Available in the U.S. only.

Productivity

(continued)

Cloud Services and Apps

When evaluating multifunction printers, it's important to know that the devices will connect to the latest technology, while also leveraging it in order to streamline the work you do every day.

Here's how Xerox® ConnectKey® Technology-enabled multifunction printers integrate with cloud services and offer time-saving applications.

- **Xerox® ConnectKey® Apps and Xerox® App Gallery.** Increase user productivity by simplifying and shortening everyday tasks. ConnectKey Apps extend the capabilities of your ConnectKey enabled multifunction printer and help you make the most of your hardware investment. Unlike traditional software, ConnectKey Apps do not require a dedicated server, PC or IT resource. Instead, visit the Xerox® App Gallery and simply download these lightweight, serverless ConnectKey Apps to your ConnectKey Technology-enabled multifunction printer.

- **Embedded Apps.** 2016 ConnectKey Technology-enabled MFPs have ready-to-use embedded MFP apps loaded standard. You can access the Xerox® App Gallery from the User Interface. This allows you to download new apps, such as Print from DropBox™ and Scan to Microsoft® Office 365 directly from the user interface. Other embedded Apps Include:

  – **QR Code** provides a simple way for a multifunction printer enabled with ConnectKey Technology to display its IP address to an app, and to be used to connect to the MFP. You can load the Xerox Print Portal app and then scan the QR code on the user interface with the mobile device.

  – **@PrintByXerox App** allows you to print to ConnectKey Technology-enabled MFPs using one universal email address.

- **Xerox® Easy Translator Service.** This service allows customers to scan a document and receive a translated print of the document and/or email notification. Users can also send a digital image from a mobile device or a PC that is forwarded for translation. This is offered for both iOS and Android™ devices. For more information, visit **https://xeroxtranslates.com**.

User Training and Helpdesk Support

Office productivity relies on tools that are reliable day in and day out. Consider how often users need to intervene to replace paper or other consumables or to clear jams. Downtime is also a consideration, as well as if assistance is required, how easy it is to schedule service and how long users will have to wait.

ConnectKey Technology-enabled multifunction printers provide helpful tools to minimize downtime and keep your work moving.

- **Xerox Online Support.** This keeps you up and running by providing instant access to searchable online help right on your printer's front panel. Online Support is also available from the print driver, where it gathers information stored in the printer, examines the information, diagnoses the issue and collects relevant solutions from the Xerox knowledge base. From there it either returns a solution specific to the problem or walks a user through a troubleshooting tree, enabling users to troubleshoot printer issues directly from a print driver. You get the same information our Product Support Specialists use when assisting with error codes and resolving print quality, media jams, software installation and other printer problems.

- **A help desk at your fingertips.** Get quick, easy, step-by-step troubleshooting assistance—like tips for sending a scan via email—with embedded help videos right on the user interface.

- **Xerox® Smart Kit Replacable Units.** With these customer-replaceable units, there's no need to wait for a service call, saving time and keeping a site up and running. Replacing units is as easy as replacing a print cartridge on a desktop printer.

Remote Control Panel

Remotely operate the control panel from any office PC as though you were standing at the device. The Remote Control Panel makes it easier and more convenient to train users and lets IT staff remotely view and monitor the user interface. During a remote session, walk-up users are notified at the device, preventing simultaneous system changes. Plus, advanced print drivers and free device management tools let you remotely monitor real-time performance and available resources for greater uptime.

Security

Business data is your company's lifeblood. Ensure it's guarded by the most comprehensive range of features, technologies and solutions from the most trusted security industry leaders.

Network Level Security

When multifunction printers are networked, vulnerabilities can be present because these devices can print, copy, scan to network destinations, send email attachments and handle incoming and outgoing fax transmissions. When evaluating multifunction printers for your organization, it's critical to the security of your network to make sure that security infractions can't happen.

Here are of the features included in our devices built on Xerox® ConnectKey® Technology to ensure your network is safe.

- **Protect against threats.** These multifunction printers include McAfee® technology integration powered by Intel Security, resulting in the industry's first lineup of multifunction printers protected from potential outside threats. McAfee's whitelisting technology ensures only safe, pre-approved files or functions are executed on your devices, minimizing the need to manually update software levels against new security threats. Also, seamless integration with the Xerox® Managed Print Services toolset and McAfee ePolicy (ePO) allows for easy tracking and monitoring.

- **Manage policies.** Automatic Cisco TrustSec® Identity Services Engine (ISE) integration provides comprehensive visibility of endpoints of multifunction printers enabled with ConnectKey Technology, enforcing IT-centered security policies and compliance.

- **Stay compliant with regulations.** These devices comply with the latest security standards, including HIPAA, Data Protection Act and COBIT and undergo the full-system Common Criteria (undergoing evaluation) certification process. Controls are available to match your security needs and conform to any standards across industries, government, finance and healthcare.

- **Scan and print encryption.** Multifunction printers enabled with ConnectKey Technology provide end-to-end scan and print encryption. Users have the option to encrypt PDF files with a password when using the Scan to Email service. This technology provides protection outside of the firewall, securing data in an unsecure environment using industry standard protocols such as Secure PDF. The Xerox® Global Print Driver® also supports document encryption when submitting Secure Print jobs to enabled devices. Simply check the box to Enable Encryption when adding the Passcode to the print job.

Document Level Security

Just about anyone can launch attacks against a company's information assets if an MFP's physical and electronic access isn't securely controlled and protected. Those attacks can be as simple as someone picking up documents left in the MFP's output tray to malicious worms pulling sensitive documents off the network.

These features address how you can keep the documents printed at your organization safe.

- **Control the timing of your documents.** With Secure Print, there's no need to worry about confidential or private documents being left in the output tray, open for viewing or even taken by someone else.

- **Printer User ID in print margin.** Print Job ID prints job and user information in the margin of the first page to eliminate costly and wasteful banner pages.

Security

(continued)

Device Level Security

A multifunction printer's entire system, along with any device management software on the network, must be evaluated and certified in order for IT and all the workers of an organization to be certain that their documents and network are safe and secure from information predators—or even from internal security breaches.

ConnectKey Technology-enabled multifunction printers were built with these features to safeguard your information.

- **Protect your confidential information.** Sensitive data is safe with encrypted PDF files for scanning and these devices are compliant with the 256-bit AES FIPS 140-2 standard. Hard drive image overwrite eradicates data stored on the hard disk automatically, at specific intervals or on command, and hard disk encryption safeguards data while it's stored.

- **Permit only authorized users.** Access to the device is allowed with user permissions, network authentication, IP filtering, and smart card, role-based and function-level login

Convenience Authentication

Xerox® multifunction printers built on ConnectKey Technology can be upgraded with optional solutions to deliver even greater cost control capabilities. They support many card reader technologies that enable users to log into the device using a proximity card, student ID or security card, providing a secure method of authentication, tracking usage and billing. This includes barcode readers and support for multiple USB card reading devices attached simultaneously, allowing users to utilize multiple access cards with Xerox® MFPs.

Xerox® PrintSafe Software

This authentication software integrates with trusted industry cards and readers and provides PIN access to nearly any printer in a customer's secured print environment. It works with both Xerox® devices and devices from other vendors. This software is open to work with a variety of industry standard secure readers and cards.

Cost Control and Environment

Your business depends on keeping costs in check. The innovative tools in devices built on Xerox® ConnectKey® Technology give you a competitive edge, minimize costs, simplify the way you manage printing and provide a significant return on your investment.

Controlling Costs

When evaluating multifunction printers, it's important to consider how you'll know what documents your office produces, as well as who produces them so you can regulate and control your costs.

ConnectKey Technology can save you money with tools to help your staff work more efficiently and help you control resources used by your multifunction printer.

- **Manage, track and report device usage.** Use Xerox® Standard Accounting tools to control print quantities and chargeback options for print, scan, copy and fax. Advanced solutions from Xerox Business Innovation Partners deliver even more helpful tools for larger office environments.

- **Customize your print driver settings for economy and efficiency.** For example, choose N-up for printing multiple pages on a single sheet as your default. Adjust settings for specific applications, such as always printing emails in black-and-white.

- **Secure Print with timed deletion.** With this feature, users are required to enter a passcode at the device to release the job. Documents not printed within a set time will be deleted. That means fewer documents are unnecessarily printed and left at the device.

- **Print responsibly.** By default, our print driver is set to two-sided printing.

- **Reduce unclaimed prints.** With the Hold All Jobs Queue feature, jobs are printed only when the user walks up to the device and releases them.

- **Delete jobs on warmup.** To prevent duplicate jobs from being printed, administrators can setup the device to delete all print jobs at device power on.

- **Use Fax Forward to Email.** The Fax Forward to Email feature can be used to automatically forward fax jobs to an email address, saving paper retrieval and distribution time.

Reducing Energy Consumption

Reduce more than your printing costs. With a wealth of features focused on energy and supplies conservation, ConnectKey Technology-enabled multifunction printers were designed to reduce your company's environmental impact and boost your bottom line.

- **Save energy.** Power Saver mode conserves electricity during downtime while keeping the device ready for action.

- **Influence the environment.** Multiple print settings are available that reduce the impact on the environment. Options include default two-sided printing, proof print, printing on recycled paper and draft mode.

- **Earth-smart printing.** Our innovative Earth Smart feature allows you to choose the most environmentally sensitive options for your print jobs.

- **Manage energy.** With Cisco EnergyWise® technology, enabled by Xerox® Power Management Information Base (MIB), you can control, manage and report your device's power consumption information, and set optimal power states and timeout intervals.

- **ENERGY STAR® qualified.** Devices built on ConnectKey Technology meet the stringent ENERGY STAR requirements for energy use.

Maintain control.

With User Permissions, you can restrict access to print features by user, group, time of day and application. To limit color printing, you simply select a rule that makes all Microsoft® Outlook® emails automatically print in black-and-white and in duplex mode.

LED, Laser and Solid Ink Technology

LED

Printhead Technology and Image Resolution

Xerox® Color Multifunction Printers feature the Xerox® HiQ LED printhead, which offers major improvements in image quality. The "brain" behind the entire printhead process is our new application-integrated circuit (ASIC) driver chip. This high-performance driver precisely controls the intensity and timing of LEDs in each printhead to achieve high resolution—print quality that's equivalent to, and often better than, comparable laser systems. By continually and automatically monitoring information about each LED, the ASIC driver can adjust each diode's light intensity and timing. This ensures uniformity across the entire LED array and produces consistently high print quality without compromising the printer's high-speed output. Whether printing spreadsheets, presentations or customer collateral, our printers deliver truly impressive results. The devices that utilize this technology are:

- **Xerox® WorkCentre® 5945i/5955i Multifunction Printer**
- **Xerox® WorkCentre® 7970i Color Multifunction Printer**
- **Xerox® WorkCentre® 7830i/7835i/7845i/7855i Color Multifunction Printer**

Laser

A laser printer uses a focused beam of light to transfer text and images onto paper. As paper passes through the printer, the laser beam fires at the surface of a cylindrical drum called a photoreceptor. The photoreceptor has an electrical charge (typically positive) that is reversed in areas receiving the laser beam. By reversing the charge in certain areas, the laser beam prints images (such as text and graphics) onto the photoreceptor.

Once the pattern has been created, it is coated with toner from a toner cartridge. The toner is black in most cartridges but may be cyan, magenta and yellow in color laser printers. The positively charged toner clings to areas of the photoreceptor that have been negatively charged by the laser. When the paper passes through the printer, the photoreceptor receives a strong negative charge, allowing the toner to transfer and adhere to the paper, resulting in a clean copy of the image on the paper. The devices that utilize this technology are:

- **Xerox® WorkCentre® 3655i Multifunction Printer**
- **Xerox® WorkCentre® 6655i Color Multifunction Printer**
- **Xerox® WorkCentre® 5865i/5875i/5890i Multifunction Printer**
- **Xerox® WorkCentre® 7220i/7225i Color Multifunction Printer**

Solid Ink

Solid Ink technology is unique to Xerox and offers many advantages to our customers. The cartridge-free ink generates less waste, reduces consumables and delivers drastically lower color page prices. The Hybrid Color Plan classifies documents based on the actual amount of color used. You no longer pay full-color prices for low-color documents.

Xerox® ColorQube® devices help your office documents get noticed with vibrant, glossy colors.

The devices that utilize this technology are:

- **Xerox® ColorQube® 8700 Color Multifunction Printer**
- **Xerox® ColorQube® 8900 Color Multifunction Printer**

EA Toner

Found in both our LED and Laser products, Xerox® EA Ultra Low-Melt Toner—chemically grown to produce the market's smallest, most uniformly shaped particles—delivers sharper clarity, excellent shadowing and outstanding fine-line detail.

Connectivity	10/100/1000Base-T Ethernet, High-Speed USB 2.0 direct print, Wi-Fi Direct with Optional Xerox® USB Wireless Adapter	
Controller Features	Unified Address Book, Remote Control Panel, Online Support (accessed from the user interface and print driver), Configuration Cloning	
Copy and Print Copy and Print Resolution	**Copy:** Up to 600 x 600 dpi; **Print:** Up to 1200 x 1200 dpi	
First-print-out Time (as fast as)	**Copy:** As fast as 12 seconds; **Print:** As fast as 8 seconds	
Page Description Languages	Adobe® PostScript® 3™, PDF, PCL® 5c / PCL 6, XML Paper Specification (XPS®)	
Print Features	Print from USB, Encrypted Secure Print, Xerox® Earth Smart Driver Settings, Job Identification, Store and Recall Driver Settings, Bi-directional Real-time Status, Scaling, Job Monitoring, Application Defaults, Two-sided Printing (as default), Hold All Jobs	
Mobile Printing and Apps Standard	Apple® AirPrint®, Mopria Certified, QR Code App, Xerox® App Gallery App, @PrintByXerox App	
Free Download	Xerox® Print Service Plug-in for Android, Mopria® Print Service Plug-in for Android™, Xerox® Mobile Link App	
Optional	Xerox® Mobile Print, Xerox® Mobile Print Cloud, Xerox® Easy Translator Service	
Scan Standard	**Destinations:** Scan to Mailbox, Scan to USB, Scan to Email, Scan to Network; **File Formats:** PDF, PDF/A, XPS, JPEG, TIFF; **Convenience Features:** Scan to Home, Single Touch Scan, Searchable PDF, Single/Multi-Page PDF / XPS / TIFF, Encrypted / Password Protected PDF, Linearized PDF / PDF/A	
Optional	ConnectKey® for DocuShare®, Xerox® Scan to PC Desktop® Professional, other solutions available through various Xerox Business Innovation Partners	
Fax	Internet Fax, Server Fax	Embedded Fax[2], LAN Fax, Internet Fax, Server Fax
Security Standard	McAfee® Embedded, McAfee ePolicy (ePO) Compatible, HDD Overwrite, AES 256-bit Encryption (FIPS 140-2 compliant), SHA-256 Hash Message Authentication, Common Criteria Certification (ISO 15408)[3], Encrypted Secure Print, Secure Fax, Secure Scan, Secure Email, Cisco® TrustSec Identity Services Engine (ISE) Integration, Network Authentication, TLS, SNMPv3, Audit Log, Access Controls, User Permissions	
Optional	McAfee Integrity Control, Smart Card Kit (CAC/PIV, .NET), Xerox® PrintSafe Software	
Accounting Standard	Xerox® Standard Accounting (Copy, Print, Scan, Fax, Email), Network Accounting Enablement	
Optional	Equitrac Express®, Equitrac Office®, YSoft® SafeQ®, other network accounting solutions available through various Xerox Business Innovation Partners	
Paper Input Standard	**Duplex Automatic Document Feeder:** 60 sheets; Custom sizes: 5.5 x 5.5 in. to 8.5 x 14 in. / 139.7 x 139.7 mm to 216 x 356 mm **Bypass Tray:** 150 sheets; Custom sizes: 3 x 5 in. to 8.5 x 14 in. / 76.2 x 127 mm to 216 x 356 mm **Tray 1:** 550 sheets; Custom sizes: 5.5 x 8.27 in. to 8.5 x 14 in. / 139.7 x 210 mm to 216 x 356 mm	
Optional	**Up to 3 Additional Trays:** 550 sheets each; Custom sizes: 5.5 x 8.27 in. to 8.5 x 14 in. / 139.7 x 210 mm to 216 x 356 mm	
Total Capacity (Std. / max.)	700 / 2,350 sheets	
Paper Output Standard	250 sheets, automatic two-sided	
Finishing	NA	**Offline Convenience Stapler:** 20-sheet, single position

[1] Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis; [2] Requires analog phone line; [3] Undergoing evaluation.

Xerox® WorkCentre® 6655i
Color Multifunction Printer

Device Specifications		WorkCentre 6655i/X
Speed		Up to 36 ppm letter / Up to 35 ppm A4
Duty Cycle[1]		Up to 100,000 pages / month
Hard Drive / Processor / Memory		Minimum 250 GB HDD / 1 GHz Dual-core / 4 GB
Connectivity		10/100/1000Base-T Ethernet, High-Speed USB 2.0 direct print, Wi-Fi Direct with Optional Xerox® USB Wireless Adapter
Controller Features		Unified Address Book, Remote Control Panel, Online Support (accessed from the user interface and print driver), Configuration Cloning
Copy and Print		
Copy and Print Resolution		**Copy:** Up to 600 x 600 dpi; **Print:** Up to 2400 x 600 dpi
First-print-out Time (as fast as)		**Copy:** As fast as 16 seconds color / 15 seconds black-and-white ; **Print:** As fast as 11 seconds color / 11 seconds black-and-white
Page Description Languages		Adobe® PostScript® 3™, PDF, PCL® 5c / PCL 6, XML Paper Specification (XPS®)
Print Features		Print from USB, Encrypted Secure Print, Xerox® Earth Smart Driver Settings, Job Identification, Store and Recall Driver Settings, Bi-directional Real-time Status, Scaling, Job Monitoring, Xerox® Color By Words, Application Defaults, Two-sided Printing (as default), Hold All Jobs
Mobile Printing and Apps	Standard	Apple® AirPrint®, Mopria Certified, QR Code App, Xerox® App Gallery App, @PrintByXerox App
	Free Download	Xerox® Print Service Plug-in for Android, Mopria® Print Service Plug-in for Android™, Xerox® Mobile Link App
	Optional	Xerox® Mobile Print, Xerox® Mobile Print Cloud, Xerox® Easy Translator Service
Scan	Standard	**Destinations:** Scan to Mailbox, Scan to USB, Scan to Email, Scan to Network; **File Formats:** PDF, PDF/A, XPS, JPEG, TIFF; **Convenience Features:** Scan to Home, Single Touch Scan, Searchable PDF, Single/Multi-Page PDF / XPS / TIFF, Encrypted / Password Protected PDF, Linearized PDF / PDF/A
	Optional	ConnectKey® for DocuShare®, Xerox® Scan to PC Desktop® SE and Professional, other solutions available through various Xerox Business Innovation Partners
Fax		Embedded Fax[2], LAN Fax, Internet Fax, Server Fax
Security	Standard	McAfee® Embedded, McAfee ePolicy (ePO) Compatible, Hard Drive Image Overwrite, 256-bit Encryption (FIPS 140-2 compliant), Common Criteria Certification (ISO 15408)[3], Encrypted Secure Print, Secure Fax, Secure Scan, Secure Email, Cisco® TrustSec Integration, Network Authentication, SSL, SNMPv3, Audit Log, Access Controls, User Permissions
	Optional	McAfee Integrity Control, Smart Card Kit (CAC/PIV, .NET), Xerox® PrintSafe Software
Accounting	Standard	Xerox® Standard Accounting (Copy, Print, Scan, Fax, Email), Network Accounting Enablement
	Optional	Equitrac Express®, Equitrac Office®, YSoft® SafeQ®, other network accounting solutions available through various Xerox Business Innovation Partners
Paper Input	Standard	**Duplex Automatic Document Feeder:** 60 sheets; Custom sizes: 5.5 x 5.5 in. to 8.5 x 14 in. / 139.7 x 139.7 mm to 216 x 356 mm **Bypass Tray:** 150 sheets; Custom sizes: 3 x 5 in. to 8.5 x 14 in. / 76.2 x 127 mm to 216 x 356 mm **Tray 1:** 550 sheets; Custom sizes: 5.8 x 8.3 in. to 8.5 x 14 in. / 148 x 210 mm to 216 x 356 mm
	Optional	**1 Additional Tray:** 550 sheets; Custom sizes: 5.8 x 8.3 in. to 8.5 x 14 in. / 148 x 210 mm to 216 x 356 mm
Total Capacity (Std. / Max.)		700 / 1,250 sheets
Paper Output		250 sheets face down with tray full sensor
Finishing		**Offline Convenience Stapler:** 20-sheet, Single Position

[1] Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis; [2] Requires analog phone line; [3] Undergoing evaluation

Xerox® ColorQube® 8700
Color Multifunction Printer

Device Specifications		ColorQube 8700S	ColorQube 8700X	ColorQube 8700XF
Speed		**Fast:** Up to 44 ppm color and black-and-white; Standard: Up to 30 ppm color and black-and-white; **Enhanced:** Up to 19 ppm color and black-and-white; **High Resolution:** Up to 6 ppm color and black-and-white (Letter/A4)		
Duty Cycle		Up to 120,000 pages / month[1]		
Hard Drive / Processor / Memory		80 GB / 1.33 GHz Dual-core / 1 GB		
Connectivity		10/100/1000Base-T Ethernet, High-Speed USB 2.0 Direct Print, Optional Wi-Fi (with Xerox® USB Wireless Adapter)		
Controller Features		Unified Address Book, Remote Control Panel, Online Support (accessed from the user interface and print driver), Configuration Cloning		
Print and Copy Resolution		**Print:** Up to Xerox® 2400 FinePoint®; **Copy:** Up to 600 x 600 dpi		
First-print-out Time (as fast as)		**Print:** As fast as 8.5 seconds color; **Copy:** As fast as 16 seconds color / 16 seconds black-and-white		
Page Description Languages		Adobe® PostScript® 3™, PDF, PCL® 5c / PCL 6, XML Paper Specification (XPS)		
Print Features		Print from USB, Earth Smart Driver Settings, Job Identification, Booklet Creation, Store and Recall Driver Settings, Bi-directional Status, Scaling, Job Monitoring, Color By Words, Print Around, Sample Set, Smart Duplex, Automatic Two-sided, Automatic Color Correction, Custom Color Correction, Spot Color Matching		
Mobile Printing and Apps	Standard	Apple® AirPrint®, Mopria® certified		
	Free Download	Xerox® Mobile Link App, Xerox® Print Service Plug-in for Android™		
	Optional	Xerox® Mobile Print, Xerox® Mobile Print Cloud		
Scan	Standard	**Destinations:** Scan to Mailbox, Scan to USB, Scan to Email, Scan to Network; **File Formats:** PDF, PDF/A, XPS, JPEG, TIFF; **Convenience Features:** Scan to Home, Single Touch Scan, Searchable PDF, Single/Multi-Page PDF / XPS / TIFF, Encrypted / Password Protected PDF, Linearized PDF / PDF/A		
	Optional	ConnectKey® for DocuShare®, Xerox® Scan to PC Desktop® SE and Professional, other solutions available through various Xerox Business Innovation Partners		
Fax		N/A	Embedded Fax[2], LAN Fax, Internet Fax, Server Fax	
Security	Standard	McAfee® Embedded, McAfee ePolicy (ePO) Compatible, HDD Overwrite, 256-bit Encryption (FIPS 140-2 compliant), Common Criteria Certification (ISO 15408), Encrypted Secure Print, Secure Fax, Secure Scan, Secure Email, Cisco® TrustSec Identity Services Engine (ISE) Integration, Network Authentication, SSL, SNMPv3, Audit Log, Access Controls, User Permissions		
	Optional	McAfee Integrity Control, Smart Card Enablement Kit (CAC/PIV/.NET), Xerox® PrintSafe Software		
Accounting	Standard	Xerox® Standard Accounting (Copy, Print, Scan, Fax, Email), Network Accounting Enablement		
	Optional	Equitrac Express®, Equitrac Office®, YSoft® SafeQ®, other network accounting solutions available through various Xerox Business Innovation Partners		
Paper Input	Standard	**Platen:** Custom sizes: Up to 8.27 x 11.69 in. / A4 **Duplex Automatic Document Feeder:** 50 sheets; Custom sizes: 5.8 x 8.3 in. to 8.5 x 14 in. / 148 x 210 mm to 216 x 356 mm **Multipurpose Tray (MPT):** 100 sheets; Custom sizes: 3 x 5 in. to 8.5 x 14 in. / 76 x 127 mm to 216 x 356 mm **Tray 2:** 525 sheets; Sizes: 5.8 x 8.3 in. to 8.5 x 14 in. / 148 x 210 mm to 216 x 356 mm		
	Optional	Optional		**2 Additional Trays:** 525 sheets each; Sizes: 5.8 x 8.3 in. to 8.5 x 14 in. / 148 x 210 mm to 216 x 356 mm **High Capacity Feeder:** 1,800 sheets; Sizes: 8.5 x 11 in., 8.5 x 14 in. / A4
Total Capacity (std. / max.)		625 sheets / 3,475 sheets		
Paper Output / Finishing	Standard	**Output Tray:** Up to 350 sheets of 20 lb. bond / 75 gsm **Convenience Stapler:** Up to 20 sheets of 20 lb. bond / 75 gsm		
	Optional	Optional		**650-sheet Finisher:** Up to 50-sheet stapling, offset stacking

[1] Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis; [2] Analog phone line required

Xerox® WorkCentre® 5945i/5955i
Multifunction Printer

Device Specifications	WorkCentre 5945i	WorkCentre 5955i
Speed	Up to 45 ppm Letter (A4) / Up to 31 ppm 11 x 17 in. (A3)	Up to 55 ppm Letter (A4) / Up to 31 ppm 11 x 17 in. (A3)
Duty Cycle[1]	Up to 175,000 pages / month	Up to 200,000 pages / month
Hard Drive / Processor / Memory	Minimum 250 GB HDD / 1 GHz Dual-core / 2 GB	
Connectivity	10/100/1000Base-T Ethernet, High-Speed USB 2.0 direct print, Wi-Fi Direct with Optional Xerox® USB Wireless Adapter	
Controller Features	Unified Address Book, Remote Control Panel, Online Support (accessed from the user interface and print driver), Configuration Cloning	

Copy and Print		
Copy and Print Resolution	**Copy:** Up to 600 x 600 dpi; **Print:** Up to 1200 x 1200 dpi	
First-copy-out Time	As fast as 3.7 seconds from the Platen / 7.6 seconds from the Automatic Document Feeder	
Page Description Languages	Adobe® PostScript® 3™, PDF, PCL® 5c / PCL 6, XML Paper Specification (XPS®) (Optional)	
Print Features	Print from USB, Encrypted Secure Print, Xerox® Earth Smart Driver Settings, Job Identification, Booklet Creation, Store and Recall Driver Settings, Bi-directional Real-time Status, Scaling, Job Monitoring, Application Defaults, Two-sided Printing (as default), Hold All Jobs	

Mobile Printing and Apps	Standard	Apple® AirPrint®, Mopria Certified, QR Code App, Xerox® App Gallery App, @PrintByXerox App
	Free Download	Xerox® Print Service Plug-in for Android, Mopria® Print Service Plug-in for Android™, Xerox® Mobile Link App
	Optional	Xerox® Mobile Print, Xerox® Mobile Print Cloud, Xerox® Easy Translator Service

Scan	Standard	**Destinations:** Scan to Mailbox; Scan to USB, Scan to Email, Scan to Network; **File Formats:** PDF, PDF/A, XPS, JPEG, TIFF; **Convenience Features:** Scan to Home, Single Touch Scan, Searchable PDF, Single/Multi-Page PDF / XPS / TIFF, Encrypted / Password Protected PDF, Linearized PDF / PDF/A
	Optional	ConnectKey® for DocuShare®, Xerox® Scan to PC Desktop® Professional, other solutions available through various Xerox Business Innovation Partners

Fax	Standard	Internet Fax, Fax Build Job, Network Server Fax Enablement
	Optional	Fax Forward to Email or SMB, Walk-up Fax (one-line and two-line options, includes LAN Fax)

Security	Standard	McAfee® Embedded, McAfee ePolicy (ePO) Compatible, HDD Overwrite, AES 256-bit Encryption (FIPS 140-2 compliant), SHA-256 Hash Message Authentication, Common Criteria Certification (ISO 15408)[2], Encrypted Secure Print, Secure Fax, Secure Scan, Secure Email, Cisco® TrustSec Identity Services Engine (ISE) Integration, Network Authentication, TLS, SNMPv3, Audit Log, Access Controls, User Permissions
	Optional	McAfee Integrity Control, Smart Card Enablement Kit (CAC/PIV/.NET), Xerox® PrintSafe Software

Accounting	Standard	Xerox® Standard Accounting (Copy, Print, Scan, Fax, Email), Network Accounting Enablement
	Optional	Equitrac Express®, Equitrac Office®, YSoft® SafeQ®, other network accounting solutions available through various Xerox Business Innovation Partners

Paper Input	Standard	**Single-pass Automatic Document Feeder:** 200 sheets; Speed: up to 200 ipm (duplex); Sizes: 4.9 x 5 in. to 11.7 x 17 in. / 125 x 138 mm to 297 x 432 mm **Bypass Tray:** 100 sheets; Custom sizes: 4.25 x 5.5 to 11 x 17 in. / A6 to A3, 16 lb Bond to 80 lb Cover / 60 – 216 gsm **Trays 1 – 2:** 500 sheets each; Custom sizes: 5.5 x 8.5 to 11 x 17 in. / A5 to A3 **High Capacity Tandem Tray:** 3,600 sheets total (1,600 and 2,000 sheets); Size 8.5 x 11 in. / A4
	Optional	**Envelope Tray Kit (replaces Tray 2):** Up to 50 envelopes: #10 commercial, monarch, DL, C5

Paper Output / Finishing	Choose One:	**Center Offsetting Tray:** 400 sheets **Office Finisher:** 2,000 + 250-sheet trays, 50-sheet multiposition stapling, optional hole punch **Office Finisher with Booklet Maker:** 2,000 + 250-sheet trays, 50-sheet multiposition stapling, saddle-stitch booklet making, optional hole punch, saddle-stitch and fold up to 40 booklets, 2 – 15 sheets
	Optional	**Hole Punch for Office Finisher** **Convenience Stapler:** 50-sheet stapling (based on 20 lb Bond), includes Work Surface

[1] Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis; [2] Undergoing evaluation.

Page Description Languages		PCL® 5c / PCL 6, XML Paper Specification (XPS®), Adobe® PostScript® 3™ (Optional), PDF[2]	
Print Features		Print from USB[2], Encrypted Secure Print, Xerox® Earth Smart Driver Settings, Job Identification, Booklet Creation, Store and Recall Driver Settings, Bi-directional Real-time Status, Scaling, Job Monitoring, Xerox® Color By Words[3], Application Defaults, Two-sided Printing (as default), Hold All Jobs	
Mobile Printing and Apps	Standard	Apple® AirPrint®, Mopria Certified, QR Code App, Xerox® App Gallery App, @PrintByXerox App	
	Free Download	Xerox® Print Service Plug-in for Android, Mopria® Print Service Plug-in for Android™, Xerox® Mobile Link App	
	Optional	Xerox® Mobile Print, Xerox® Mobile Print Cloud, Xerox® Easy Translator Service[2]	
Scan	Standard	**Destinations:** Scan to Mailbox, Scan to USB, Scan to Email, Scan to Network; **File Formats:** PDF, PDF/A, XPS, JPEG, TIFF; **Convenience Features:** Scan to Home, Single Touch Scan, Searchable PDF, Single/Multi-Page PDF / XPS / TIFF, Encrypted / Password Protected PDF, Linearized PDF / PDF/A	
	Optional	ConnectKey® for DocuShare®, Xerox® Scan to PC Desktop® SE and Professional, other solutions available through various Xerox Business Innovation Partners	
Fax	Standard	Internet Fax, Fax Build Job, Network Server Fax Enablement	
	Optional	Fax Forward to Email or SMB, Walk-up Fax (one-line and two-line options, includes LAN Fax)	
Security	Standard	McAfee® Embedded, McAfee ePolicy (ePO) Compatible, HDD Overwrite, AES 256-bit Encryption (FIPS 140-2 compliant), SHA-256 Hash Message Authentication, Common Criteria Certification (ISO 15408)[4], Encrypted Secure Print, Secure Fax, Secure Scan, Secure Email, Cisco® TrustSec Identity Services Engine (ISE) Integration, Network Authentication, TLS, SNMPv3, Audit Log, Access Controls, User Permissions	
	Optional	McAfee Integrity Control, Smart Card Enablement Kit (CAC/PIV/.NET), Xerox® PrintSafe Software	
Accounting	Standard	Xerox® Standard Accounting (Copy, Print, Scan, Fax, Email), Network Accounting Enablement	
	Optional	Equitrac Express®, Equitrac Office®, YSoft® SafeQ®, other network accounting solutions available through various Xerox Business Innovation Partners	
Paper Input	Standard	**Duplex Automatic Document Feeder:** 110 sheets; Sizes: 5.5 x 8.5 in. to 11 x 17 in. / 148 x 210 mm to 297 x 420 mm; Custom sizes: 3.3 x 4.9 in. to 11.7 x 17 in. / 85 x 125 mm to 297 x 432 mm	
		Bypass Tray: 50 sheets; Custom sizes: 3.5 x 3.9 in. to 11.7 x 17 in. / 89 x 98 mm to 297 x 432 mm	
		WorkCentre 7220i/7225i (Trays 1 and 2 with Stand): 520 sheets each; Sizes: 5.5 x 8.5 in. to 11 x 17 in. / A5 to A3; Custom sizes: 5.5 x 7.2 in. to 11.7 x 17 in. / 140 x 182 mm to 297 x 432 mm	
		WorkCentre 7220i/T/7225i/T (Trays 1-4): 520 sheets each; Sizes: 5.5 x 8.5 in. to 11 x 17 in. / A5 to A3; Custom sizes: 5.5 x 7.2 in. to 11.7 x 17 in. / 140 x 182 mm to 297 x 432 mm	
	Optional	**Envelope Tray:** Up to 60 envelopes: #10 commercial, Monarch, DL, C5; Custom sizes: 3.9 x 5.8 in. to 6.4 x 9.5 in. / 98 x 148 mm to 162 x 241 mm	
Paper Output / Finishing	Standard	**Dual Catch Trays:** 250-sheets each, Lower tray offsets	
	Optional	**Integrated Office Finisher:** 500-sheet stacker, 50 sheets stapled, single-position stapling **Office Finisher LX:** 2,000-sheet stacker, 50 sheets stapled, 3-position stapling, optional hole-punch, optional booklet maker (score, saddle stitch) **Convenience Stapler:** staples 50 sheets	

[1] Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis; [2] PostScript option is required for Xerox® Easy Translator Service or to print PDFs or PostScript files from a thumb drive; [3] Only available in the optional Adobe® PostScript® 3™ driver; [4] Undergoing evaluation.
