Xerox® Wireless Print Solutions Adapter

Your modern workflow connector.

Add wireless connectivity to any Ethernet-compatible printer or multifunction printer that needs it. The Xerox® Wireless Print Solutions Adapter seamlessly connects your Xerox® printer or multifunction printer to modern mobile and desktop workflows, regardless of your office environment.

The Xerox® Wireless Print Solutions Adapter is your choice when:

- Your printer or multifunction printer is not connected to a network but you want the ability to print from mobile devices.
- You need to bridge Wi-Fi connectivity with a traditional hardwire network.
- You want Google Cloud Print™ 2.0¹, Mopria® or NFC² tap-to-pair capabilities.
- You own a Xerox® printer or multifunction printer without embedded Apple® AirPrint™ support and want to add AirPrint¹ ³ compatibility.
- You want Wi-Fi Direct, which lets you connect your computer or mobile device to your printer or multifunction printer wirelessly without the need for an access point or existing Wi-Fi network.
- You need performance that comes from the cutting-edge Wi-Fi 802.11ac standard, which ensures data transfer that’s almost twice as fast as existing 802.11n devices.

Easy to Install, Manage and Use

- Add wireless capability to any Ethernet-compatible print device. Just connect the Xerox® Wireless Print Solutions Adapter via the included Ethernet cable, plug in to a power source and follow the simple steps in the installation guide.
- True wireless bridging means no disrupting your current capabilities, such as network printing and scanning, LAN fax, fax forward to email, and web-based print-device management.
- Easily connect, configure and manage the Xerox® Wireless Print Solutions Adapter remotely from any Web browser.
- The small size enables unobtrusive placement next to your printer or multifunction printer. Or, attach it directly to the print device with the included Velcro® brand fasteners.

Superior Security

- The Xerox® Wireless Print Solutions Adapter features 256-bit encryption and supports advanced wireless security protocols, including WPA2™ Enterprise, HTTPS, and industry-standard 802.1X authentication.
- A metal-backed security slot provides an important theft deterrent when secured with a compatible Kensington® or similar third-party lock.

¹ Print device requires Adobe® PostScript® compatibility.
² Requires the Xerox® Print Service Plug-in for Android (available March 2016 at the Google Play Store).
³ The Xerox® Wireless Print Solutions Adapter’s AirPrint functionality works with all Xerox® printers and multifunction printers that natively support AirPrint, and enables AirPrint on older Xerox® devices listed on the reverse that do not natively support AirPrint.
The Xerox® Wireless Print Solutions Adapter makes legacy printers and multifunction printers compatible with modern workflows.

Modern workflows demand wireless printing. But your office print device doesn’t have Wi-Fi…

…what to do?

Add the Xerox® Wireless Print Solutions Adapter…

…and print the office documents you rely on to stay productive.

**General Compatibility**

The Xerox® Wireless Print Solutions Adapter is intended for any Ethernet-compatible Xerox® printer or multifunction printer that could benefit from modern workflows enabled by Wi-Fi connectivity. It is particularly useful when paired with print devices that are not on a traditional network or where a LAN is not bridged to a Wi-Fi network.

**Google Cloud Print Compatibility**

The Xerox® Wireless Print Solutions Adapter enables Google Cloud Print on Xerox printers and multifunction printers that do not natively support it, and is compatible with print devices that feature native Google Cloud Print compatibility.

**AirPrint Compatibility**

AirPrint compatibility is limited to Xerox® printers and multifunction printers that natively support AirPrint, as well as the following devices without native AirPrint support:

- Xerox® ColorQube® 8570/8870
- Phaser® 8560MFP
- Xerox® Phaser® 3320
- Phaser® 8860
- Phaser® 3635MFP
- Phaser® 8860MFP
- Phaser® 4600/4620
- Xerox® WorkCentre® 3315/3325
- Phaser® 5550
- WorkCentre® 3550
- Phaser® 6500
- WorkCentre® 4250
- Phaser® 6700
- WorkCentre® 4260
- Phaser® 7100
- WorkCentre® 6400
- Phaser® 7500
- WorkCentre® 6505
- Phaser® 7760
- WorkCentre® 5325/5330/5335
- Phaser® 7800
- WorkCentre® 5735/5740/5745/5755
- Phaser® 8560
- WorkCentre® 7525/7535/7545/7555
